2022 Rally the 100 Acre Wood Supplementary Regulations

1 INTRODUCTION

- 1.1 It's 100 Acre Wood time again. On behalf of the 30-member organizing committee, we want to thank you for choosing this event. We hope to make it a great one for everyone. We can't do this without the support of 200+ volunteers, so be sure to thank them whenever you see them. This event takes place in Dent and Washington counties in Missouri and it would mean a lot to us and them if you could support them whenever you can. Whether you need hotel rooms, food, drinks, gas, car parts, or souvenirs, try to get them in Salem, Potosi, Cherryville, Sligo, Jadwin, or even Viburnum and Bixby.

We have many property owners along the stages, most of whom appreciate the show that the competitors put on as they race by, but do remember to be sensible and safe during recce when the roads are open to everyone and while traveling around the area. Most rally attendees are visitors to the area so do your best to be courteous and respectful to our hosts.

2 DESCRIPTION & ORGANIZATION

- 2.1 This event will be held under the current American Rally Association (ARA) Rules. The Rally in the 100 Acre Wood (100AW) will consist of two days of competition and is part of the ARA National Championship Series. The concurrent two-day Super Regional event is part of the Central Regional Championship. The regional event will also count toward the Eastern Ozark Rally Cup which is a three event series of Missouri rallies.
- 2.1.1 This event will offer an open recce.
- 2.1.2 Jemba notes will be available for an additional fee.
- 2.1.3 Any additional changes or additions to these Supplementary Regulations will be announced only by numbered and dated bulletins. The Organizers and/or the Stewards shall decide upon any conditions not foreseen in these regulations.
- 2.1.4 The route will be approximately 330 miles in length with approximately 101 miles of competitive stages. All competitive stages will be held on roads that consist primarily of gravel, and will vary somewhat in width and tightness. Roads vary from sweeping, well-groomed roads to tight and twisty.
- 2.2 As has been seen over the past several years, Missouri weather patterns can best be described as capricious. The committee is prepared to conduct this event under any circumstances and will give the contestant competition regardless of weather conditions.
- 2.3 There will not be a physical notice board. The Official Notice Board can be accessed via the Sportity App using 100AW2022 as the password. All official documents, bulletins, start orders, provisional results, inquiries and responses will use the Sportity App.
