The CoC received a report from the Chief Scrutineer, where he states that Competitor #202 entered into refuelling zone before TC2i "Service In" without rear right wheel. In the report he states also that there were no any wheel (rim) parts at this wheel hub.

The CoC received also some videos from the marshals at the Stop of SS8 and at the Service In, showing the car without the rear right wheel.

According article 27.1.9 of the CCR SR, "on a road section that is a public road, a competition vehicle may only be driven on four freely rotating wheels and tyres." and "Any vehicle not complying with this article will be considered as having retired in this leg."

Consequently, the CoC **DECIDE:**

To consider competitor #202 as **RETIRED IN LEG 2 AFTER SS8**
