**During the 1st day of the rally, some competitors did speed excess in Radar areas!**

**Not very high but excess...**

**We decided to consider this as a warning, we didn't apply the penalties.**

**For Day 2 and Day 3, we will apply directly the penalties.**

**It's mandatory to be careful in the Radar areas and in the villages.**

**The Radar area isn't a road with a flash from the police, it's a place where we decided to control your speed by Tripy because it's a sensible area.**

**As described in the regulation, in a Radar area, the speed limit is based on the average of the sector.**

**Reminder : there are important information about this in Information 2 and there are also Radar areas in the maps.**
