1. Introduction and welcome

The **Xacobeo Rally da Auga** reaches its 9th edition after two difficult years due to the social health situation, but with a newest illusion in order to face a new challenge: getting up the international status and the FIA European Rally Trophy candidate, as the only one gravel rally in Spain.

This requires a major structural transformation, keeping the main base (Parc Fermé, Service Park, and Headquarters) at Santiago de Compostela, the Galician capital, where is planned the protocolary ceremony and the arrival and Prize Giving, but with a substantial modification in the physiognomy of the route and in the supplementary regulations, in a way that adapts to the demands of the events of both FIA Regional Rally and Spanish Gravel Cup. Although the rally itinerary consolidates its placement in the zone of Arzúa, Boimorto, Boqueixón, O Pino and Touro, the Friday journey is exclusively dedicated to the environment of the county capital, where the only stage of the day is celebrated, a Show Stage, that will be not timekeeping in accordance to Spanish Gravel Cup regulations. Nevertheless, the most remarkable international adaptation is perceived in the Saturday's leg, in which the itinerary is much more linear, consisting in 3 different special stages, longer than usual, in two passages each, up to the minimum distance in FIA regional rally regulations.

Regarding the collaboration of these Councils, Diputación Provincial de A Coruña, the Sporting General Secretariat of Xunta de Galicia and the Consejo Superior de Deportes (maximum sporting authority in Spain) through the Real Federación Española de Automovilismo, in addition of the new incorporation of Xacobeo programme, and our habitual and new partners we can keep this project alive.

With them, as always, the invaluable collaboration of the Civil Protection services and the indispensable volunteers and marshalls of the event, we continue trying to add effectiveness with the effort of some other motor clubs.

Our objective is to conquer a motorsport event in which all the people feel like at home, but with the maximum socio-sanitary security measures.

Welcome everybody to the most International edition of the Galician Gravel Rally, the Xacobeo-Rally da Auga 2022, and THANKS FOR YOUR PRESENCE.
