

DECISION No.8, published at: 20:56

From: the Stewards

Date: July 3, 2022

To: Car No.10

Time :20:45

Competitor: No.10 Josep Bassas Mas (Josep Bass Mas / Axel Coronado Jimenez)

Document No. 2.12

The Stewards, having received a video report from the Clerk of the Course, having summoned and heard the crew members and team manager, considered the following matter, determine the following:

Fact: Crew No10 got technical help from the spectators at SS7

Offence: Breach of Art. 56.1.2 of RRSR

Decision: 10 minutes time penalty added to overall classification.

Reason: Art. 56.1.2 of RRSR states clearly that any external physical assistance is prohibited outside the service park.

In the present case a spectator brought spontaneously his assistance to the crew after the puncture. The video evidence shows clearly, that the spectator took the jack down and brought it to the rear of the car. The crew recognised the facts and mentioned, that they did not ask for help to this spectator and asked him not to approach the car, but the video does not show any gesture from the crew to keep the spectator away from the car.

Such an infringement could be penalised by disqualification, but the Stewards considered, that in this case assistance was brought by spectator, not by a team member.

Competitors are reminded of their right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Article 9.1.1 of the FIA Judicial and Disciplinary Rules, within the applicable time limits

Jean-Pierre Tardent
Chairman of the Panel
