Timekeeping

The CoC received a request from competitor n°#204 claiming that he lost some time to help competitor #205, which got stuck in the snow approximately at Km 2 of SS5. Additionally, competitor #204 report that he stopped again to help n°#601, approximately at Km 20 of SS6.

After investigation, the CoC has been able to see that the Competitor #204 stopped during 31 minutes at the place of the incident of SS5 to try to help #205 (his team mate) , but he didn't succeeded to pull out the car out from the snow. According the marshals on site, the position of car #205 was not dangerous and not bothering other competitors to pass. Due to the blocking of the road by competitor #204 when trying to help #205, the SS had to be neutralized to the Russian Championship competitors.

The CoC can also see that Competitor #204 was blocked during 30 seconds in SS6 by competitor #601, and then both cars continued.

Consequently, the Clerk of the Course decide **not to give back** the time lost in SS5 by competitor #204.

The Clerk of the Course decide also **to give back the 30 seconds lost in SS6** by competitor #204 when helping competitor #601.
