

18th Baja Russia Northern Forest 2022

10-13 February 2022

Date:	Thursday, 10th February 2022	Time: 14.15 hrs
Subject:	STEWARDS COMMUNICATION N° 2	Document No: 2.2
From:	<i>The Stewards</i>	
To:	<i>The all competitors</i>	

The Stewards remind the competitors of the regulations in force regarding fire extinguishing systems.

The fire extinguisher system is a major safety item to protect the crew in case of fire in the car. It is essential for the driver's safety, and safety is one of the major concerns by the FIA. Safety remains a key challenge and the FIA is committed to do everything possible to protect, among others, the drivers.

The system must be used in accordance with the manufacturer's instructions and with Technical List n°52. Article 283-7 of Appendix J to the 2022 FIA International Sporting Code does not specify when the system can be switched on or switched off. For this reason, and in accordance with Art. 25.3.1 of the FIA CCRSR, **it must always be active** (system armed) during the competition. During the competition means that the systems must be activated when leaving the service park, on road sections, on special stages and in Parc Fermé.

The FIA Technical Delegate will instruct the Scrutineers to check the status of the fire extinguishing systems during the competition and report any infringements to the Stewards. The Stewards, in general, will penalise the competitor with a fine of 1000 €
