## **Decision of the Clerk of the Course #1**

Car 123 is excluded from the event for being in violation of RCR 5.10.9, Stopping before a Stop control.

Car 123 stopped on Stage 1 after the flying finish but before the Stop control, backed up to the flying finish, was almost hit by two subsequent competitors before proceeding to the FTC. The Flying Finish control workers confirmed this. The Flying Finish control and Control Captain confirmed that both the flying finish and the FTC were located at the stakes that were put in place the day before and were in place during recce. The stoppage was also confirmed by the driver of the subsequent car, #121.
