

17th Terras do Infante 2022

Technical Information for *Terras do Infante 2022* Participants

All skaters are automatically registered for all races in their age group with two exceptions: Relay and 100 m road race.

The **Relays** are for the *Absolutos* age group only and they will go straight to the final. The intention is to have a spectacular race, as a form of exhibition, to demonstrate the beauty of our sport, in which 6 teams, selected by the organization committee will compete. These teams must **register for the race by the end of the morning of Friday, 8th April.**

The organization committee **will select** six (6) women's teams and six (6) men's teams, according to the **level of the skaters** involved, giving priority to the **national teams**, even if they are from different clubs.

With regard to the 100 metres road race:

- a) In the **Cadetes and Youth** age groups, the skaters must qualify for this race. Only the **nine (9) skaters** who have qualified will be able to compete. These will comprise the **winners of the 500 m and 1 km** races plus the **top ranked skaters of the age group** after the first two days of races until reaching the nine (9) competitors. This race counts towards the tournament ranking, with 9 points awarded for first place, 8 points for second place, and so on. 9th place will be awarded 1 point. If any of the skaters who qualify for the race are unable to compete, he/she must inform the organization committee so that he/she can be substituted by the next skater in the ranking.
- b) In the **Absolutos** (Juniors and Seniors) age group, the race will not count towards the tournament ranking and will have its own specific prize money. **18 Seniors will qualify, the top 3 in the 500 m race + the top skaters in the sprint ranking** of this stage of the European Cup (500 m + 1 km), until a total of 18 skaters is reached, as well as the **top 6 Juniors in the 500 m race**. If any of the skaters who qualify for the race are unable to compete, he/she must inform the organization committee so that he/she can be substituted by the next skater in the ranking.
