

SMC STAGES

◆ 10TH APRIL 2022 ◆

Supplementary Regulations

FOREWORD

Welcome to the 2022 Altratech SMC Stages, we are very much looking forward to returning back to Anglesey Circuit. It is our intention to run the best possible event for competitors.

We aim to run up to 8 stages covering approximately 40 miles on fast flowing racing circuit tarmac, with the concrete roads near the buildings at the top and 5% loose roads, coupled with our quick stage turnarounds, giving everybody a good day's motor sport.

2022 once again sees the event being part of the ANWCC Stage Rally Championship, ANWCC Ladies Rally Championship, ANWCC North Wales Stage Rally Championship, the SD34 Gazzard Accounts Stage Championship and the JD Tyres Welsh National Tarmacadam Championship along with Motorsport News Circuit Rally Championship.

Should you require any assistance with finding local accommodation then please contact Anglesey Tourist Office on 01248 713 177 or www.visitanglesey.co.uk

Finally, on behalf of the organising team, may we take this opportunity to wish all of you
GOOD LUCK

DAMAGE TO THIRD PARTY PROPERTY: -

Competitors causing damage to any third party property will be liable for any excess Stockport 061 Motor Club Ltd has to pay to the Motorsport UK insurers and also any cost that is not covered by the Insurers. The excess is currently £450.

An Event Safety Officer has been appointed for this event, he will be checking all incidents that occur on the stages and will also be checking out vehicles leaving the stages for damage. Photo or video evidence will also be used to ensure that an incident report is completed by each competitor for every incident that they have on a stage that results in damage to any third party property.

17. VENUE HIRE

Only wheels carried in the vehicle at stage start will be allowed to be used to change a puncture. NO SERVICE CREW MEMBERS MAY ENTER ANY PART OF THE CIRCUIT. Should anyone do this or receive outside assistance the competing car will be immediately DISQUALIFIED.

It is also a condition of hire that no vehicle be allowed to continue on the circuit should any part of the bodywork or any of the vehicle's components be dragging/touching on the surface of the circuit. You may pull gently/slowly onto the grass at the side of the track in order to facilitate the safe removal of a damaged bodywork part or component, if this is practicable, and then gently/slowly off the grass to regain the circuit once this is done.

All designated marshals will be deemed judges of fact and will report infringements to the Clerk of the Course as soon as possible.

Failure to replace the wheel or remove any dragging part or component of the vehicle along the surface of the circuit will result in a penalty of DISQUALIFICATION.

These are requirements of the Anglesey Circuit, to prevent damage to the surface of the circuit. As part of your contract with us, by signing to abide with these regulations, and whilst competing on this event you will be liable personally, for any cost of repair to the surface caused by your vehicle or its parts.

FURTHER. Any fluid spillage on the circuit or in the paddock must be reported to the organisers so that suitable arrangements can be made with the circuit staff to clear it up. All waste oil must be placed in the waste oil tank. NO oil containers to be left at the venue when you leave.

YOU MUST TAKE ALL YOUR USED TYRES HOME WITH YOU FROM THE CIRCUIT/PADDOCK AREA WHEN YOU LEAVE. YOU MUST NOT PUT THEM IN ANY OF THE SKIPS.

Any competitor, or their crew, contravening these requirements will be DISQUALIFIED from the results and reported to Motorsport UK Association Ltd.

18. MISCELLANEOUS

- c. **Pit Garages** will be available for hire for the duration of the event at £90 per garage, with space for 2 competing vehicles or £50 per half garage (shared with another competitor) – these will be allocated on a first come first paid basis. On the day, these will be £110 and £60 respectively.
- d. Passes for the venue will be sent by post to the person selected at the top of the entry form – please ensure you select the correct person.

-
- e. Any notice signed by the Clerk of the Course or Deputy Clerk of the Course displayed during the event will have the same authority as these SRs.
 - f. Petrol is NOT available at the venue. Please ensure you have enough to last the day.
 - g. No bonfires or barbecues or any form of fire may be lit at the venue. Please place litter in the bin bags provided and take it home.
 - h. A maximum speed of 10mph will apply at all times within the confines of the venue, and on all private roads leading to the venue except for competing cars on a Special Stage.
 - i. No dogs will be allowed into the venue.
 - j. It is the competitors' responsibility to supply an SOS and OK board, their use shall be as per R25.4.
 - k. Recovery – Whilst we do not intend to leave broken down cars stranded on the stage all day, our priority is to avoid delays and run all the stages. As such if you break down on a stage, you **may** not be recovered to the service area immediately. If you do break down on a stage both the organisers and your fellow competitors will be grateful if you try and park in a safe place off the actual stage.
 - l. **Punctures** - Competitors who suffer a puncture on the circuit **must immediately pull off the circuit**. They may change the tyre and continue if safe to do so. Any competitor continuing to drive on the race circuit or any grassed area with a punctured tyre where the wheel rim is in contact with the tarmac of the race circuit or grass will be excluded from the results and will be liable for the cost of any damage to the surface of the circuit. For this reason, it is strongly recommended that competitors carry a spare wheel, triangle and suitable equipment to complete a wheel change on any terrain. This should be secured in position before scrutineering.
Any competitor who persistently **"cuts corner"** resulting in damage to the grass will suffer the penalty of disqualification.
Judges of Fact will be appointed for both the above.
 - m. Competitors are reminded that the paddock area has been resurfaced and therefore the circuit management are prohibiting the use of pegs or stakes which cause holes in the tarmac.
