

**ERC ORLEN 77<sup>th</sup> RALLY POLAND**  
**18-20.06.2021**

Document No 2.19

**DECISION (No 13)**

**From:** The Stewards

**Date:** 18.07.2021

**To:** Competitor No 61 TOPP-CARS RALLY TEAM  
 Crew Norbert MAIOR/Francesca MAIOR

**Time:** 12:00

The Stewards, having received a report from FIA Technical Delegate and after an additional discussion between the FIA Technical Delegate and the company INTERTEK in charge of fuel analysis for the FIA, having summoned (summons No 11) the competitor, have considered the following matter, determine the following:

**Fact:** Analysis spectrum of competitor fuel slightly different from spectrum of the reference fuel

**Offence:** Breach of Article 61.1.6 of 2021 FIA European Championship regulation

**Decision:** No further action

**Reason:** According to 2021 ERC Regulations, ERC3 Juniors are not allowed to use competition fuel, but must use commercial fuel from a designated commercial filling station listed in the supplementary regulations. The the FIA Technical Delegate takes a sample from the fuel of the designated commercial filling station and compares this reference fuel with the samples taken from the cars of the ERC3 juniors.

According to the conclusions of the discussion between the FIA Technical Delegate and company manager of INTERTEK, the very slight differences between the analysis spectrums of the competitor fuel and the reference fuel do not allow it to be determined to that the competitor fuel is different from the reference fuel.

These slight differences should be attributed to residues of another fuel either in the tank of the car or in canisters used for refuelling.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Article 9.1.1 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.
