1 – WELCOME MESSAGE:

A look at the Hail Toyota International Rally

The Hail Toyota International Rally enters its second year on the FIA Cross Country World Cup calendar, hosting the season finale on December 6-11.

Located in northern Saudi Arabia, Hail was once a key part of the route taken by pilgrims for the Hajj by camel, and today is better known for its agriculture, in particular wheat and dairy products.

As-Samra Mountain offers an incredible view over the city, while the surrounding desert landscape offers the perfect terrain for rallying.

Motorsport also isn't new to the city with the Hail Rally first taking place in 2006, later becoming an FIA-sanctioned event in 2008, and has become a key location in the Kingdom hosting the Dakar Rally since 2020.

In fact, the Hail Rally has become an excellent tune-up event for competitors to prepare themselves and their vehicles for the challenge of the Dakar.

We look forward to seeing the teams, drivers and riders in Hail, Saudi Arabia this December!

Regulations and restrictions

The service regulations will be run in compliance with Articles 50, 51, 52, 53, 54, and 55 of the FIA 2021 Cross-Country Rally Sporting Regulations.

Only vehicles with Team plates issued by the Organiser are allowed to access the Service Park.

The vehicles must be clearly identified by designated sticker plates and affixed on the windscreen. Removal of the sticker is prohibited until the end of the rally. Only cars with competition numbers, Service or Officials' plates are allowed to enter the service park.

No Auxiliary plates will be issued due to the COVID-19 situation. The Organiser will provide the teams with the necessary Team plates for the high-density area personnel.

It is forbidden under any circumstances to drill holes in the tarmac or the ground at the Service Park. Teams and competitors are asked to bring weights for tents and others that need to be fastened.

In Accordance with Article 51.2.2 of the FIA 2021 Cross-Country Rally Sporting Regulations, service teams must use protecting groundsheet underneath the competing cars at all times that does not let any liquid leak through. It should be a minimum of 1 meter longer and wider than the vehicle in running order.

Service teams are requested to cooperate with the Organizers in such a way that spectators observe social distancing when they are in the vicinity of their designated areas.

Speed limit in the service park is 30 km/h. In case of violation of this regulation by any vehicle/team member related to a competitor, the competitor will be penalized with 10 seconds per km over the speed limit.

All service vehicles must be removed from the Service Zone by Sunday, December 12th, 2021, at 20.00hrs at the latest.
