The Stewards, having received a report (document no. 6.10) with 1 photo from the FIA Technical Delegate, have heard the crew and the team representative, Mr. Jaroslav Orsák, have considered the following matter, determine the following:

Fact: In the Stop Control zone at the end of SS 10, the driver of car no. 7 opened the bonnet of the car.

Offence: Breach of Articles 2.5.1 of ISC and 63.1.2 of FIA RRSR (operation on the car at stop SS10).

Decision: Fine 800 €

In accordance with Article 12.7 FIA International Sporting Code, the payment of the fines must be done online, within 48 hours of their notification, at the following address: <https://fiafines.fia.com>. Any delay in making payment may entail suspension during the period the fine remains unpaid.

Reason: The driver explained that during Pre-Event tests there was a problem of fuel leakage in the engine compartment of the racing car. The origin of the problem was identified and corrected by changing various parts around the engine.

At stop of SS10 a radio reporter of Eurosport and a spectator indicated to the driver that there was a leakage of liquid observed under the car. The driver was afraid that it would be the same problem as during the Pre-Event Tests and decided to open the bonnet to check if there is no risk of fire.

The driver admits that he made a mistake.

The Stewards were convinced by the explanations given by the driver and decided to penalise the competitor no. 7 accordingly.

The decision is based on the FIA International Sporting Code Art. 11.9.1, Art. 11.9.3.a; Art. 11.9.3 f and Art. 12.4.1.c.
