OPENING NOTES

The wind has blown again in this area as yesterday, in a lot of places.

You will have to follow the traces with attentiveness when it's less visible.

The navigation is still tricky in some part on the special stage.

Nice stage, various landscape with dunes crossing.

BRIEFING NOTES

-Stage 95% sandy surface

-Mainly on a main track but again erased by the wind of last days. Follow the caps trying to keep the bearing even if the track is missing.

-Generally, portions of main track not visible between dunes and dunettes.

-ATTENTION at km 21 to 25 main track with big and deep bumps!!

-The dunes that cross partially the main track are in some places quite demanding. Specially around km 110, km 217 and km 290.

-Some camel camps detected while opening and were marked on modifications notes. Attention while driving next to camps, animals and locals moving around.

-Neutralisation of **20 minutes** for ALL CATEGORIES CARS, (**NOT FOR BIKES** at CP1).

ATTENTION – At PC 1 – Refueling point - It is mandatory FOR ALL VEHICLES to **STOP** and they will remain in the zone under Parc Fermé conditions a fixed time of **20 minutes** (Article 45.1.2 and article 56 of 2021 FIA CCR SR).
