GENERAL INFORMATION

- Km 0 – Technical and winding gravel tracks through small canyons. The navigation is complicated
- Km 90 - Difficult navigation to follow the track and/or correct trace. Very difficult to keep a correct pace because of the constant changes of direction, easy to skip some crossroads.
- Km 100 - More « rolling » through valleys and sections in HP by plateaus but also with difficult navigation.
- Km 150 - Traces and tracks not very evident. Attention, last 10 kms between valleys and canyons with many traces.

GPS CODE on time card at the TC Bivouac!

POINTS OF ATTENTION

- Lots of camps on the whole stage
- The first 40kms are narrow and stony
- Complicated navigation (many tracks)
- Pk 132, crossing of race with the DKC. Speed limited to 30kmh
- Special parallel to the Classic, there may be some dust in the air.

OPENING NOTES

- The special stage takes place in 2 parts;
- The first one is on hard ground which is narrow in some places with stones on the sides. The dust will be very present on the first 50 km.
- Then the ground is more sandy with wadi passages, less dust!

ADDITIONAL INFORMATION
