## GENERAL INFORMATION

- KM 0 - Fast +/- winding tracks on large plateau, again navigation plays a very important role as we find many non-parallel and not very visible tracks!
- KM 40 - Change of pace! Slower and the nav more and more complicated! many “fork”, the terrain starts more gravel and undulating.
- KM 141 – NEU ALL, motorcycle fuel and continue winding tracks, more or less sandy with intense navigation.
- KM 282 - Crossing of several fast dune ridges of level 1, caution, cut dunes! Then, succession of dune ridges and plateau
- KM 343 - End of dunes and then fast tracks not very visible, on a large sandy plateau.
- KM 379 – NEU ALL and again change the pace, now the desert is slower, many tracks inside dry rivers MVS with vegetation.
- KM 440 - Resumes fast main tracks, in sectors it is not very visible !
- KM 465 - ASS.

**GPS CODE on time card at the TC Bivouac!**

## POINTS OF ATTENTION

- It rained and the tracks are not very visible in some places because of the rain and wind
- There may be some puddles left
- The dunes are soft in some places but very load bearing in general
- Warning, it rained again after the opening

## OPENING NOTES

- The special is fast
- You must follow the caps !!
- The dunes are easy to cross, the rain has hardened the sand, some soft passages despite everything
- Km 408,21 Marker to cross Wadi 100m after
- Km 420,49 wadi difficult with a lot of water, stay on to the left
- Km 433,20 !!!
