12.5 Control Procedures and Timecard Handling

GENERAL

- a.** The following procedures apply and have priority over all the related provisions in the 2022 FIA WRC Sporting Regulations as far as they are in conflict. Some of the conflicting article numbers are quoted below, but without claiming to be exhaustive.
- b.** Any irregularity or discrepancies regarding the below procedures will result in the application of 2022 WRC Sporting Regulations, Art. 19.3.4 and 44.2.12. It is to be noted that, as a principle, the entries recorded on the timing marshals' check- sheets shall be decisive.
- c.** The complete set of Time Cards for the whole rally (including the Shakedown time cards for all drivers affected under 2022 WRC Sporting Regulations, Art. 36.2.2) will be delivered with the rally materials at administrative checks. It is imperative for all crews to carry at least all the Time Card sets for a whole day inside the car (cf. for example procedures at regrouping controls).

PASSAGE CONTROLS (2022 WRC Sporting Regulations, Art. 43)

At these controls, the marshal will simply mark the car number on his check sheet as soon as the car stops at the control, without mentioning the time of passage, and show the check sheet to the co-driver.

TIME CONTROLS

- a.** The check-in procedure begins at the moment as stipulated in Art. 44.2.1 of the 2022 WRC Sporting Regulations.
- b.** The check-in time corresponds to the moment at which the co-driver shows their Time card to the timekeeper through the side window (2022 WRC Sporting Regulations, Art. 44.1, and Art. 44.2.4).
- c.** The appropriate timekeeper will then enter the actual time at which the card was shown on the timing tablet and write it on the check sheet (2022 WRC Sporting Regulations, Art. 44.2.5).
- d.** They will then show the recorded check-in time and, in case of a Time Control followed by a special stage, the provisional special stage start time to the co-driver. The co-driver shall then enter this time on their time card (2022 WRC Sporting Regulations, Art. 44.2.5).

SPECIAL STAGE START

- a.** At the start line, the co-driver shows the timekeeper the time card through the side window. The timekeeper then either confirms this provisional start time or shows a different start time on his check sheet.
- b.** This new time, if any, shall then be recorded as actual start time on the time card by the co-driver (2022 WRC Sporting Regulations, Art. 48.2.3). This actual start time will also be shown on the electronic start count-down display.

SPECIAL STAGE STOP POINT

- a.** The timekeeper at the stop point will show the finish time (time of the day: hour, minute, second, tenth of a second and thousands for the Power Stage) and the calculated stage time to the crew (co-driver).
- b.** The co-driver shall record this time on their time card.

REGROUPING CONTROLS (2022 WRC Sporting Regulations, Art. 46)

- a.** There is no need to hand in the Time Card used for the Section concerned.
- b.** For regroupings during a day, the crews shall themselves record their re-start time from the regroup as instructed by the timing marshal on their new time card for the following Section of that day.

- c. In case of an overnight regroup, the crew shall themselves record their re-start time of the following day on their time card, following the publication of the start list for the section after the overnight regroup.
- d. Point b. above shall likewise be applied by the drivers concerned for the Shakedown TC/start time.

FLEXI-SERVICE C, 30 minutes

Contrary to the prescriptions of FIA WRC, Art. 57.2.2, the midday service on Saturday will be a 30-minute service. For P1 and P4 crews it will be run as flexi service and for all other crews it will be run as normal service.

a. Flexi-Service P1 and P4 drivers

At TC Regroup & Technical Zone **IN** all P1 and P4 crews are shown their due time at TC Service **OUT**. After having completed the checks at the Technical Zone, P1 and P4 crews will pass TC Regroup **OUT** / Service **IN** without stopping and immediately drive their cars into their service bays where the start and the end of the allowed 30' service time will be controlled by rally officials. After servicing, the car shall (again) be isolated by ropes until it is driven to TC Service **OUT** by the crew. Any service in excess of the single, uninterrupted, 30' will be reported to the Stewards, who will apply time penalties even if the crew checks in at TC Service **OUT** on their due time. Notwithstanding WRC Art. 59.2.4, early check-in will be penalised.

b. other crews

At TC Regroup & Technical Zone **IN** all other crews are shown their due time at TC Regroup **OUT** / Service **IN**. They shall leave their cars in the Regroup/Flexi Parc Fermé area to be collected for service at their due time. At any time, the car may only be driven by the crew entered. Time entry shown at TC Regroup **OUT** / Service **IN** will mark the start of service.

FLEXI Services A and D, 45 minutes

a. P1 and P4 crews

After the 10-minute Technical Zone, P1 and P4 crews will check-in at TC Technical Zone **OUT** / Flexi Service **IN** at their due time and drive their cars into their service bays where the start of the allowed 45' service time will be controlled by rally officials. TC Flexi service **OUT** / Parc Fermé **IN** is at the overnight parc fermé entrance, where the end time of the service is recorded.

b. other crews

After the 10-minute technical zone inside the parc fermé, the crews may then either enter the service park or leave their car in the parc fermé (WRC Art. 59.3.1) to be collected for service at their due time. The competing car may be driven by the crew or by an authorised representative of the competitor. Check-in time at TC Technical Zone **OUT** / Flexi Service **IN** will record the start of the permitted service time. TC Flexi service **OUT** / Parc Fermé **IN** is at the overnight parc fermé entrance where the end time of the service is recorded.

The start for the following sections will be given in accordance with article 41.2 of the 2022 FIA WRC Sporting Regulations.

12.8 Starting system of special stages.

The standard light sequence mentioned in article 48.2 and Appendix VII, of the 2022 FIA WRC Sporting Regulations will be used, except on the SSS1, SSS9 and SSS16.

Should this start system fail the start will be given as specified in article 48.3 of the 2022 FIA WRC Sporting Regulations.

SSS 9 – Lousada will be run under Super Special Stage regulations (article 51 of the 2022 FIA WRC Sporting Regulations) and will consist of 2 laps to a circuit of approximately 1,68 km (total length of 3,36 km). The organisers reserve the right to “match” competing vehicles for the super special stage on grounds of public interest.

P1 and P2 cars will run in the reverse order of the start list.

The start will be given at two cars at the same time (in the same manner as on the other stages) on parallel positions. The cars will follow the route of the stage, changing lanes in a tunnel/bridge combination and crossing the finish line at the same position where they started.

The maximum time allowed to complete SSS 9 will be 6 minutes. Any crew who fails to complete SSS 9 within this maximum time or does not start SSS 9 will occur in the penalties laid down in article 54.2 of the 2022 FIA WRC Sporting Regulations.

If the running of SSS 9 is interrupted, this will be signalled to the drivers by showing red flags. When given this signal, the driver must immediately reduce speed and follow instructions of any marshals or other officials. Failure to comply with this rule will entail a penalty at the discretion of the Stewards.

If the super special stage is interrupted or stopped for any reason, the dispositions of article 52 of the 2022 FIA WRC Sporting Regulations will apply.

SSS16 Porto-Foz will be run under Super Special Stages regulations (2022 WRC Sporting Regulations - Article 51). SSS 16 will consist of 3 laps to a circuit approximately 1.10 km (total distance of 3.30 km). The starting order and time intervals are entirely at the discretion of the organiser, on grounds of public interest. The start can be given either on a full minute (.00”) or at half minute (.30”). Only one car will run on the stage at any given time. The instructions given by the marshals or officials on-site must be respected.

The start of the car shall be given with the normal start light (App VII of the 2022 FIA WRC Sporting Regulations), except that the 30-second indicator light for the start is not shown.

The maximum time allowed to complete SSS16 will be 6 minutes. A crew that does not complete SSS16 within the maximum time or that does not start SSS16 will incur a penalty in accordance with Article 54.2 of the 2022 WRC Sporting Regulations.

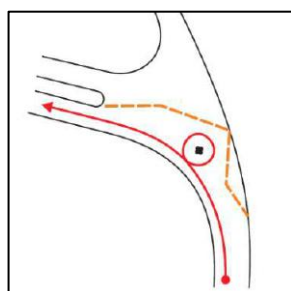

If SSS16 is interrupted or stopped, competitors will be informed by showing Red flags. When this signal is given, the driver must immediately reduce speed and follow the instructions of any marshals or other officials. Failure to comply with this rule will entail a penalty at the discretion of the Stewards.

If the Super Special is interrupted or stopped for any reason, affected crews will be allocated times according to article 52 of the 2022 WRC Sporting Regulations.

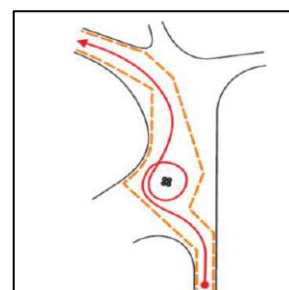

The route of SSS16 Porto-Foz will include two roundabouts as shown in the layout drawings below

- The first one must be completed 360° clockwise
- The second one must be completed 450° clockwise

A penalty of 30 seconds will be applied to any competitor who fails to follow the indicated route at these points.
