Greetings from winter Riihimäki!

We were honored to be the organizing club of the Finnish Championships again, and after a few years of summer competitions we decided to do a traditional winter rally for Riihimäki UA. We welcome all competitors and service crews to our competition.

This year, Auto Sorsa Oy became our main partner, which we know from previous years.

We are living in exceptional times for the third year in a row and this will be reflected in our competition arrangements with slightly different practices. Please note these deviations.

Please read this competitors manual carefully, as it contains important information so that we can organize the competition safely and smoothly for both you competitors and us, the organizer's representatives.

Welcome to Riihimäki. Let's have a nice winter rally day together!
