Number of pages:	1	Attachments:	[...]

The Stewards, having received a report from the FIA Technical Delegate, summoned (summons No. 04, Doc. No. 4.4), and heard the team manager Jacob Fridrich and the driver Martin Rada , have considered the following matter, determine the following:

Fact: During pre-event scrutineering some of the roll cage tubes were not completely welded.

Offence: Breach of Art. 253.8 of Appendix J

Decision: **Disqualification (No allowed to start)**

This disqualification being applied with suspension of sentence. This will come to effect if the car will not pass the re-scrutineering today until 22.00 hrs.

Reason: According to Art. 253-1 a car, the construction of which is deemed to be dangerous, may be disqualified by the Stewards of the competition. The welding of a roll cage of car # 39 is not carried out along the whole perimeter of the tubes. The Stewards consider this as unsafe and consequently the competitor must fix the problem according to Art. 253-8 where it states that all repairs to a homologated or certified safety cage must be carried out by the manufacturer of the cage or with his approval.

Competitors are reminded of their right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Article 9.1.1 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.

According to Art. 12.3.3.b of the Code this decision of the Stewards becomes immediately binding even in the event of an appeal, since it concerns questions of irregularity of Entry by a competitor entering a competition.
