# IA2030

- Sets a Unifying Vision for the Decade
- Aligned with the SDGs and Translated into Clear Impact Goals

## Vision

**A world where everyone,  
everywhere, at every age...**

**...fully benefits  
from vaccines...**

**...for good health  
and well-being**

## Impact goals

Reduce mortality and morbidity from vaccine-preventable diseases for all across the life course.

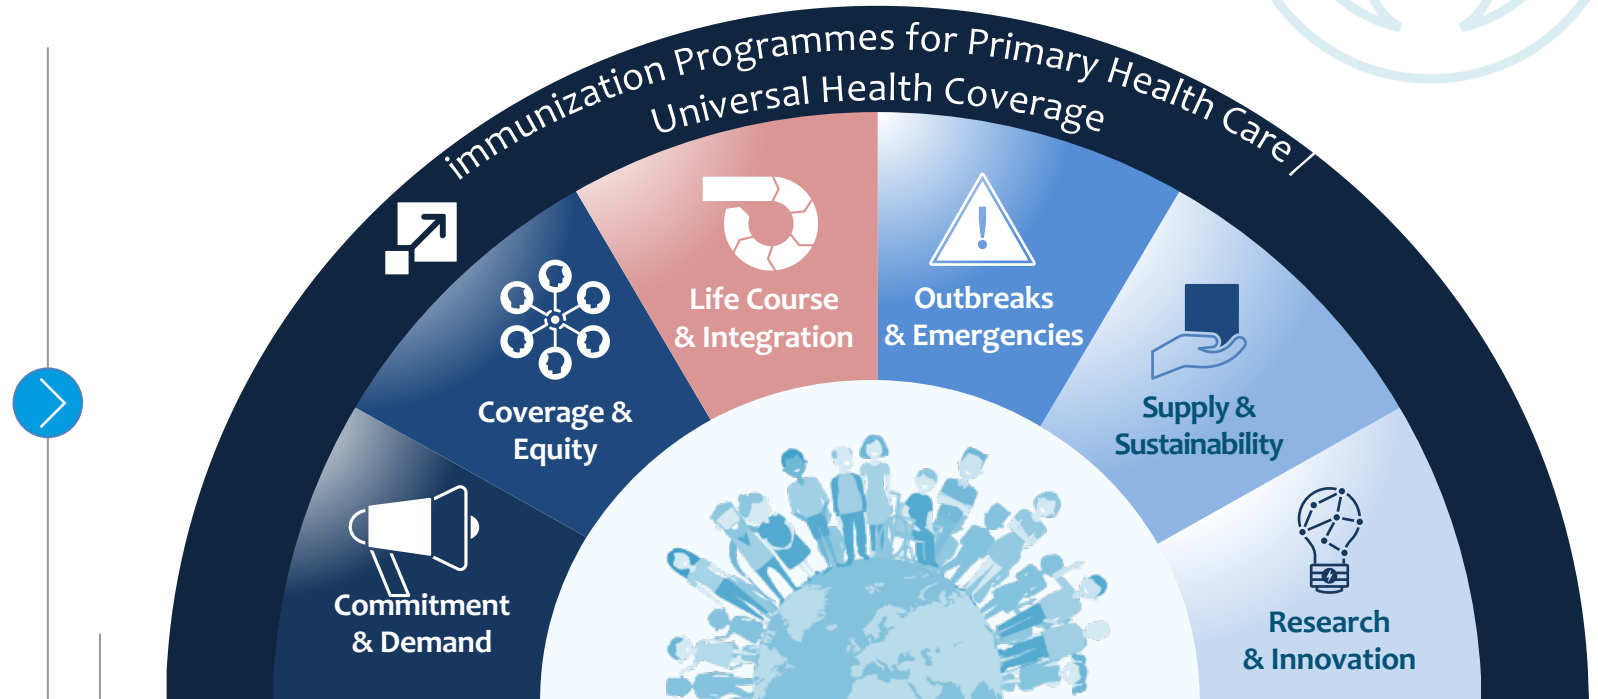

Leave no one behind, by increasing equitable access and use of new and existing vaccines.

Ensure good health and well-being for everyone by strengthening immunization within primary health care and contributing to universal health coverage and sustainable development.
