SCHOOL OF HEALTH

Centre of Excellence

Global Health Supply Chain Management

Annual Training Calendar 2017

“Universal health coverage needs global public health leaders with vision and the capability to bring about change. Empower’s work in leadership and human resources for health has played a vital role in creating global impact.”

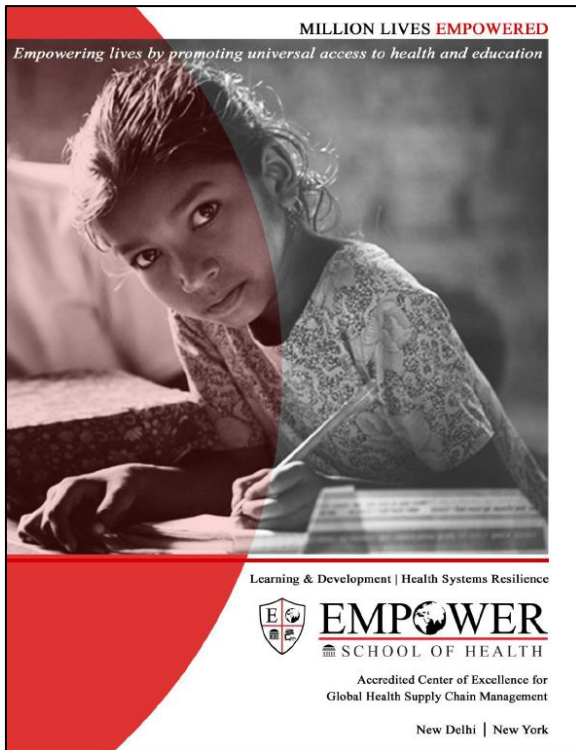

*His Excellency John A. Kufuor,
President of Ghana*

Empower School of Health, an accredited Centre of Excellence for Global Health Supply Chain by Chartered Institute of Logistics and Transport, launches the annual training calendar for the year 2017. The courses are targeted to build the capacity of professionals working in public health, thereby to ensure access to quality assured health products to the beneficiaries.

“Empowering Lives by Promoting Universal Access to Health and Education”

Empower School of Health is a global health academic, research and consulting institute which works towards empowered individuals and empowered communities. The School offers services in these areas including but not limited to:

- Learning and Development for building human resource capacity
- Research and Technical Assistance
- Health Systems Strengthening

Empower has helped organization in over 40 countries to strengthen institutional capacity of global health programs related to quality and PSCM. Empowers' clients include UN agencies, various Ministries of Health, Government of India and State Governments, Private sector and Civil Society organizations in areas related to sourcing, global health, and expanding India's footprint for quality assured medicines globally.

Trainees at United States Pharmacopeia Facility

PARTICIPANTS' FEEDBACK

“This course was one of its kind in my career and hopefully will add value to my management and leadership skills in South Sudan. I have learnt a lot and now I am able to deliver and ensure that the people of my country have access to quality, safe and effective health product.”

Dr. Moses Deng Dhol,
Director General, Ministry of Health,
South Sudan

Prof. Andy Barraclough interacting with Trainees

“I found the course to be an eye opener. Very impressive and well-designed specially in my field of work. I truly enjoyed the quality of presentation, discussion and the exposure during the site visits at USP and Aurobindo Pharma.”

Sabah Suliman Abdelgadir,
National Medicine Supplies Fund,
Sudan

“This has been a highly informative week. The practical exercise and site visits were essential to ‘bringing it all together’. Thank you for excellent quality professors and team.”

Justina Ogechi Ehirim,
Procurement Officer, WHO, South-
East Asia Regional Office

Trainees at Global Fund Headquarters in Geneva

“Feeling quite empowered, the manufacturing facilities and the quality control and assurance laboratory tour at USP have expanded my scope of understanding as a pharmaceutical professional. It is my wish that everyone in the industry should acquire this knowledge for the betterment of Public Health.”

Tirivashoma Dube,
District Pharmacist, Ministry of
Health, Zimbabwe
