

# IMMUNIZATION eLEARNING INITIATIVE

A DIGITAL LEARNING EXPERIENCE

**Courses now available to WHO and UNICEF staff, external consultants, SSAs, MoH, partners, and other interested audiences.**

The Immunization eLearning Initiative is a digital learning series that provides training in areas considered vital to EPI advancement. It will help immunization professionals to align their knowledge and get up-to-date on the latest immunization systems and protocols. The courses are highly engaging and flexible. They can be taken in any order and learners can start and stop without losing progress. Online e-courses include:

## Core Courses Available:

Start and stop without losing progress

- Immunization Supply Chain Management
- Gestion de la Chaîne d'Approvisionnement pour la Vaccination
- Communication for Immunization
- La Communication pour la Vaccination
- Immunization Coverage Data
- Immunization Program Planning (coming soon)
- Immunization Staff Orientation
- Le Programme d'Orientation du Personnel de Vaccination

## Mini Courses Available:

Complete in less than one hour

- Multi-Dose Vial Policy
- Vaccine Vial Monitors
- Microplanning for Immunization
- Temperature Monitoring in the Vaccine Cold Chain (advanced e-course)

>> [Print or download a certificate following successful completion!](#) <<

## How to Access the Courses

To access the courses, go to UNICEF's online learning portal: <https://agora.unicef.org/>.

- 1) Select "log in" in upper right.
- 2) Login using your credentials (UNICEF staff) or register as a guest (non-UNICEF staff).
- 3) Enter "immunization" in the top search window to locate the courses.
