How do conversations about vaccination appear?

Time and popular topic for communication

Morning 9 am — 10 am

- To consult before visiting a pediatrician
- To check if vaccination is allowed with certain health conditions

Afternoon 1 pm — 3 pm

- To ask opinions after a nurse/pediatrician has telephoned to invite parents to take child for vaccination
- To share experiences after a morning visit to a pediatrician

Late evening

10 pm — 2 am

- ➤ To share concerns of AEFIs a child may experience after vaccination with DTP, BCG, and/or polio vaccines
- ▶ To explore general attitudes towards routine immunization and vaccination
- ▶ To inquire information about a certain type of vaccines and its availability in a local hospital

Child-support Allowance/Ukraine

Posted at 11 pm

"Night chat for young mothers! Which inoculations have to be done at the first place? And is it necessary to vaccinate child?"

295 comments

How can we engaged with natural social media spaces?

Idea:

Connect health professionals with parents' communities to answer questions about vaccination:

Establish communication with a group administrator

Announce a chat with a health professional to answer parents' questions

Result:

Organized chats inside 3 parents' communities

"Crazy Mama"
"Mothers is Kyiv"
"Children in Kyiv"
