

Easy-to-use, fully automatic autoclave

With the simplicity of one touch design all your sterilization and drying needs are fulfilled. The Tuttnauer fully automatic autoclave fills, sterilizes, exhausts and dries at the touch of a button. All EZ models feature a closed door active drying system to maintain sterility and ensure efficient drying of packs and pouches. The EZ series is also available in a quick cycle model, the Kwiklave (EZ10k). This sterilizer offers all the proven, dependable features of our fully automatic autoclaves with the added benefit of reducing the total sterilization cycle time by 50%. Speed and reliability are accomplished without sacrificing load size. Kwiklave is the perfect choice for quick instrument turn-around or a high volume office.
