

LW Scientific Zip-IQ TT

Test Tube Centrifuge

Fast, small, and quiet 6-place test tube centrifuge

The Zip-IQ TT Centrifuge is a fast, small, and quiet 6-place test tube centrifuge. Setting the speed and time is quick and easy thanks to two simple programmable buttons. Included is an auto-brake - which stops the rotor in ten seconds - and an auto-lock function to keep the device closed until it comes to a complete stop. With serum separations done in as little as five minutes, the Zip IQ TT is perfect for the busy veterinary office or laboratory.

FEATURES

- Angled 6-place test tube rotor with inserts (1.0ml to 15ml tubes)
- Zero-RPM interlock - cannot open while spinning
- Digital LCD displays speed, time, lid open/close
- Auto-brake stops rotor in 10 seconds
- Brushless maintenance-free motor
- Suction-cupped feet to prevent slipping
- Auto-lid-open at end of cycle
- Auto-switching AC adapter power supply
- 6-place angled rotor for 7ml-15ml tubes
- 6 black inserts for 5ml-6ml tubes
- 6 white inserts for 3ml-4ml tubes
- 6 green inserts for 1.0ml-2.0ml microtubes
- 24 volt DC 4 amp AC power adapter
