

# Pro O2 Pro 5

## 5-Liter Oxygen Concentrator

### Providing high quality oxygen through design

Pro Series of Oxygen Concentrators aims to exceed the needs and demands of the Non-Medical realm of oxygen usage. A reimagined, compact, and highly mobile machine, this family demonstrates that it can stand and deliver a high-quality concentration of Oxygen in an affordable yet sleek layout. Whatever the requirements may be, Pro O2 has a machine that can achieve the fulfillment of those goals.
