

SunTech Vet20

Automated Blood Pressure Monitor

Convenient for companion animals

The SunTech Vet20 is a portable, convenient blood pressure monitor designed specifically for use with companion animals. With unique motion-tolerant technology and silenceable alarms, clinicians can easily use the SunTech Vet20 while keeping the animal relaxed. The monitor weighs less than one pound, allowing the Vet20 to be easily carried from room to room within your facility.

FEATURES

- › Motion-tolerant technology provides more reliable blood pressure readings than industry competitors.
- › User-friendly touchscreen interface allows clinicians to easily review and analyze blood pressure data.
- › Specifically developed to be used with companion animals.
- › Silenceable alarms help to keep animals calm.
- › Battery-powered device can be easily transported.
- › Advanced memory allows for data retention when the device is powered off.
- › Select specific measurements from device memory to perform automated blood pressure averaging.
- › Optional — AC adapter, veterinary cuffs

SPECIFICATIONS

Weight of Unit:
1.3 lbs (0.59kg) with batteries

Dimensions:
6.25" x 5" x 5.25"
(15.9cm x 12.7cm x 13.3cm)

Batteries:
4 AA alkaline

AC Adapter Input:
100-240V ~ 47-63Hz
0.48A Max

AC Adapter Output:
5.9V 3A 17.7W Max

Method of Measurement:
Oscillometric

Blood Pressure Range:
Systolic: 40 - 265mmHg
MAP: 27 - 222mmHg
Diastolic: 20 - 200mmHg

Pulse Rate Range:
25 to 300 BPM

Initial Inflation Pressure:
180 mmHg (default)

Subsequent Initial Inflation:
Previous Systolic + 30mmHg
