

Tuttnauer EZ11 Plus

Fully Automatic Autoclave

Fully automatic autoclave designed for today's busy veterinary practice

The Tuttnauer EZ11 Plus is a fully automatic autoclave designed for today's busy veterinary practice. Sterilize and dry instruments quickly with the autoclave's closed door drying and efficient air pump. The EZ11 Plus features a multicolor display to show cycle information and a networking port to monitor the autoclave remotely. Use the unit's many loading options to find the right configuration for your practice.

FEATURES

- Clear, multi-color display shows real-time cycle information.
- Use the display to read cycle parameters, temperature, and chamber pressure.
- Sleek, modern EZGlide door designed to be ergonomic for clinicians.
- Closed door drying for sterility and efficiency.
- High-efficiency air pump requires 0.2µ HEPA air filter.
- Flexible loading options to accommodate any facility.
- Comes with Tuttnauer pouch rack to encourage proper loading.
- Fill water at front or back of the autoclave.
- Built-in USB port for cycle data transfer.
- Networking capabilities for remote cycle monitoring.
- Designed to meet current sterilization standards.
- Optional printer available.
