

Environment and Recreation Committee
Meeting Minutes
Thursday, October 7, 2021 – 6:00 p.m.

Present: Councilpersons Joe Frederick, Wendy Margolis, Jennifer Jarret, Dennis Livrone, and Tim Brennan, as well as Borough Manager John Davis.

The **Minutes** of September 2, 2021 meeting were approved as submitted.

John gave a **Broad Street Park Update**. It is continuing on schedule, most of the concrete pads and sidewalks are complete; most areas have been graded and are seeded for grass. The irrigation system is complete and has been tested; ten Oak trees have been tagged at the nursery and will be delivered soon. The timeframe for project completion is still on target. Opening dedication ceremonies need to be discussed and decided on because the building and the park will not be completed at the same time.

Broad Street Park Sponsorship Opportunities were discussed, with a brochure that has been prepared by Lisa Borghi, Phil Ehlinger and Wendy Margolis. The brochure will be updated with some changes and provided to Borough Council in October for approval prior to distribution. All members voted in agreement.

The Committee reviewed possible ideas for the **Broad Street Park Name**, with no consensus. The names offered were:

- Broad Street Park
- Borough Hall Park
- Gateway Greene
- Borough Hall Greene
- Broad Commons

Wendy will draft a survey for the public to rank them in order of preference, with the indication that it is meant to assist Council in the decision. The draft survey will be presented to Borough Council next week. All voted in favor of forwarding the above possible park names to Borough Council to consider.

New/Old Business: None.

Adjourned: 6:55 p.m.
