

Borough of Doylestown
Department of Building and Zoning
Permit Application for
Replacement or Repair of Sewer Lateral

Background:

The Borough of Doylestown requires that prior to any lateral sewer line repair or replacement the property owner shall acquire a Permit from the Department of Building and Zoning, located at 10 Doyle Street. There is a \$25 fee for a sewer replacement permit, and there is no fee for a repair permit. Repair and replacement both require an inspection before being backfilled. All construction/repair work shall be done according to the Borough of Doylestown Ordinance specifications and the PAUCC and IPC 2015.

When a Sewer Replacement or Repair Permit is Required:

Installation or repair of a sanitary sewer lines require a permit. Rodding or cleaning a sewer lateral does not.

Process:

1. Complete the Application for a Permit for Replacement of a Sewer Lateral form.
2. Bring the completed Permit for Replacement of a Sewer Lateral Application Permit to the Borough Zoning and Planning Office at 10 Doyle Street with payment. Check should be payable to "Borough of Doylestown"
3. The staff will accept your completed permit application. **Note staff will not accept incomplete applications.**
4. Permit review normally takes 7 – 10 days but may be expedited in an emergency.
5. Do not begin work until your application has been approved and you have an issued permit in your hand.
6. **Once work is complete you must schedule a final inspection to close the permit.**

Check List for Submission - Applicant must fill out checklist marked "A" below. Borough staff will complete checklist marked "S".
