

BOROUGH OF DOYLESTOWN

Bucks County, Pennsylvania

OFFICIALS:

NONI WEST, Mayor
JACK O'BRIEN, President
WENDY MARGOLIS, Vice President
JOHN H. DAVIS, Manager
PHILIP C. EHLINGER, Deputy Manager

Water Utility Committee Meeting Minutes Monday, November 7, 2022– 6:30 p.m.

Present: Chairperson Jennifer Jarret (Chair), Wendy Margolis, Dennis Livrone, and Larry Browne, as well as Planning Commission Chair James Lannon, Borough Chief Water Operator Jeremy Matozzo and Council President Jack O'Brien.

Approval of Minutes: The September meeting minutes were approved as submitted.

Backflow Program: Jeremy explained backflow and the benefits of having a backflow prevention program in place. There would be no cost to the Borough; rather, residents and businesses would need to have a plumber install the backflow preventer system. Many businesses already have this, and it is currently required for all new construction.

Approval of Standard Specifications for Code Enforcement: Jeremy reviewed this ongoing project and the importance of it. He will be adding to it and making changes and corrections to it as needed.

Standpipe Grant: Jeremy asked the Committee to approve the application for a \$500,000 grant to rehab the Maplewood well. There is a required \$75,000 match, which will be discussed at the upcoming budget meeting.

Operations Report: Jeremy reviewed the service calls and current projects the Water Department have worked on.

Old or New Business: None.

Adjourned: 6:55 p.m.

Respectfully submitted,

Amy Kramer
Minutes Secretary
