

The Summer Shows for Children Program was created over thirty-five years ago to provide the children of the Doylestown area free summer entertainment. The program consists of three presentations such as magic shows, children's theatre, and story plays, all designed for children.

The Doylestown Borough Parks and Recreation Board would like to thank C & N Bank, Simply Fresh by McCAFFREY'S, and the Central Bucks Education Association for their current support of this program. Their sponsorship has allowed Doylestown Borough to continue its tradition of offering these presentations to the public at no charge.

The summer program schedule will be placed on this website in the spring.

For more information, call the Borough office at 215-345-4140.
