SPIRIT OF FREEDOM

gala

why should you have the gala?

Versatility: Both in its uses (lighting, communicating, signaling, decorating), as in its target markets (receptions, festivals, showrooms etc.).

Customization: The Gala is customizable thanks to the colored, embroidered or printed slipcovers, and the vinyl graphics.

Branding: The chic and sleek design of the Gala allows you to highlight your logo and also stand out for all types of events.

main features

- Helium-inflated balloon
- Can also be air-inflated when suspended
- Halogene lamps (graduable)
- Indoor use only

markets
