aIRSTAR

SPIRIT OF FREEDOM

towair range

main features

- > Air-inflated lighting balloon (built-in fan)
- > LED lamps
- > Standing on the floor or hanging from ceiling
- > Indoor and outdoor use

why should you have the towair range ?

Many shapes and sizes available: to bring a clear added value of differentiation to any kind of event.

Versatility: in its applications (communicating, signaling, decorating) and its uses (suspended, floor stood, at the edge of the water). Towair lighting balloons can also be customized (colored or printed slip cover, vinyl graphics).

Quick and easy to use: Autonomous, mobiles and silents, Towair lighting balloons can be set up in a record time.
