

**TUNGSTEN
3200K**

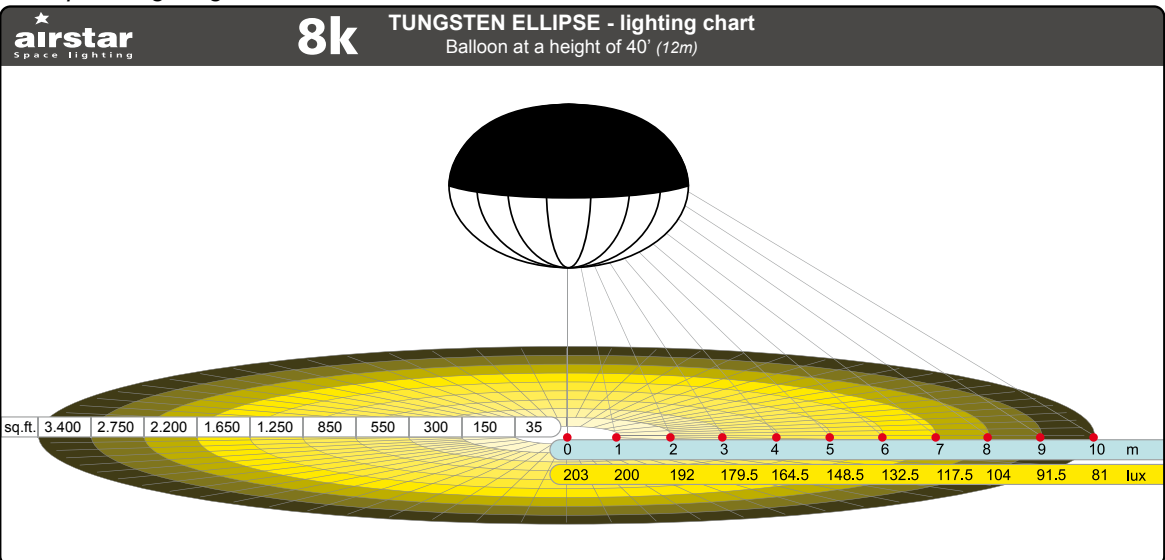

TUNGSTEN lighting balloons were the first units developed by **Airstar**, and are now offered in a wide range of possibilities. Our units range from 2K to the powerful 20K source and are provided in **ellipsoid**, **tube** or **Diamond** shapes. Used indoor and outdoor, they provide a color of temperature of 3200K and are fully dimmable.

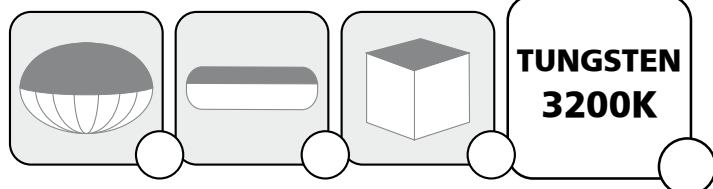

Available accessories:

- Reflectors
- Black skirts
- CTB filters
