Faculty of Medical Sciences, University of Delhi

# List of Protocols submitted by Post-graduate students : Batch 2022 : MS Obstetrics & Gynecology

| S. No | Name | Department | College | Title |
|---|---|---|---|---|
| 1 | Singupuram Vidya | Obstt & Gynae | LHMC | Prevention of Gestational diabetes Mellitus by treating early gestational glucose intolerance(EGGI) in the first trimester. |
| 2 | Dimple Yadav | Obstt & Gynae | LHMC | Association of vasomotor symptoms with cardiovascular risks in peri menopausal and menopausal women |
| 3 | Megha Singh | Obstt & Gynae | LHMC | Accuracy of modified cardiovascular sequential organ failure assessment (m-CV SOFA) score for predicting the duration of critical care unit stay in maternal sepsis. |
| 4 | Bhakti Ajay Agrawal | Obstt & Gynae | LHMC | Comparative study of pre- and post-evacuation beta HCG trends in women progressing to Gestational Trophoblastic Neoplasia following molar evacuation versus those with spontaneous regression |
| 5 | Nikita Krishna | Obstt & Gynae | LHMC | Role of Visceral Adiposity index in predicting Metabolic Syndrome in post-menopausal women. |
| 6 | Lakshita Rajput | Obstt & Gynae | LHMC | EFFECT OF MATERNAL OBESITY ON THE OUTCOME OF INDUCTION OF LABOR |
| 7 | Aachal Chandrakant C | Obstt & Gynae | LHMC | "Association of placental laterality with uterine artery Doppler abnormality in the development of pre-eclampsia" |
| 8 | Anu | Obstt & Gynae | LHMC | Maternal depression and stress in pregnant mothers with antenatal diagnosis of fetal structural anomaly |
| 9 | Archana Meena | Obstt & Gynae | LHMC | Comparison of cervical cancer screening using pap's smear and visual inspection with Acetic Acid(VIA) in detecting cervical intraepithelial neoplasia |
| 10 | Triksha Gautam | Obstt & Gynae | LHMC | Comparison of fetomaternal outcome in women with gestational glucose intolerance and gestational diabetes mellitus |
| 11 | Muskan Agrawal | Obstt & Gynae | LHMC | "Predictive accuracy of HDP (Hypertensive Disorders of pregnancy)-GESTOSIS score in development of preeclampsia." |

| | | | | |
|---|---|---|---|---|
| 12 | Monika | Obstt & Gynae | LHMC | Association of maternal serum procalcitonin and C-reactive protein levels in preterm premature rupture of membranes with histologically diagnosed subclinical chorioamionitis: A prospective observational study. |
| 13 | Keerti Mishra | Obstt & Gynae | LHMC | Role of Vasopressin to control blood loss in total laparoscopic hysterectomy |
| 14 | Praveenasundareswari | Obstt & Gynae | LHMC | Study of immunohistochemical markers Ki67, p53, PD L-1 in the prediction of platinum sensitivity in women with high grade serous cystadenocarcinoma of ovary treated with neoadjuvant chemotherapy and interval debulking surgery. |
| 15 | Isha Yogi | Obstt & Gynae | LHMC | Estimation of placental weight by placental biometry in third trimester of pregnancy |
| 16 | Supriya K Marak | Obstt & Gynae | LHMC | Effect of Music on procedural anxiety in women undergoing Intrauterine Insemination |
| 17 | Adiba Saman | Obstt & Gynae | LHMC | Effect of video based pre-procedure educational counselling on procedural anxiety in women undergoing colposcopy |
| 18 | Sheetal Pushkar | Obstt & Gynae | LHMC | Female sexual dysfunction after vaginal delivery with episiotomy in postpartum women |
| 19 | Maj Bojja Divya | Obstt & Gynae | AH | TO study the scope of amniocentesis in prental diagnosis of fetel charomeosmal disorders in a tertiary care centre " |
| 20 | Dr. Taranjeet Kaur | Obstt & Gynae | AH | Correlation Of Serial Cervical Length Monitoring And Obstetric Outcome In Post Ivf-Et Singleton Pregnancy In A Tertiary Care Centre |
| 21 | DR. AAKANKSHA | Obstt & Gynae | MAMC | Comparison Of Unexplained Stillbirths by ReCoDe And ICD-PM Classification. |
| 22 | DR. AAKRITI AGGARWAL | Obstt & Gynae | MAMC | Accuracy Of Vintzelios Formula For Calculation Of Estimated Fetal Weight By Ultrasound. |
| 23 | DR. ANSHUL SOLANKI | Obstt & Gynae | MAMC | Evaluation of lipid profile of women with Premature ovarian insufficiency and effect of Hormone replacement therapy. |
| 24 | DR. ANUSHKA NEHA SINGH | Obstt & Gynae | MAMC | Identifying gaps in healthcare leading to worsening of anaemia in booked pregnant women in a tertiary care centre. |
| 25 | DR. ARZOO | Obstt & Gynae | MAMC | Comparison of efficacy and safety of intravenous ferric carboxymaltose and iron sucrose complex for the treatment of iron deficiency anaemia in pregnancy: Arandomised controlled study. |
| 26 | DR. ASHA YADAV | Obstt & Gynae | MAMC | Evaluation of inflammatory markers associated with intrahepatic cholestasis of pregnancy |
| 27 | DR. DINKY ARORA | Obstt & Gynae | MAMC | Evaluation of combination of Dinoprostone and Foley's catheter and Dinoprostone alone for induction of labour: A radomized controlled study. |

| | | | | |
|---|---|---|---|---|
| 28 | DR. JYOTI RANI | Obstt & Gynae | MAMC | Immunohistochemical Expression of cyclin D1 and KI-67 in Hyperplastic and Neoplastic endometrium. |
| 29 | DR. KANISHKA YADAV | Obstt & Gynae | MAMC | Prediction of spontaneous preterm birth in women by transvaginal sonographic measurement of cervical length Between 18 and 24 weeks of gestation. |
| 30 | DR. MADIHA KHAN | Obstt & Gynae | MAMC | Clinicopathological study of carcinoma endometrium |
| 31 | DR. MANDAKINI MOGARE | Obstt & Gynae | MAMC | Serum cystatin-C levels in pre-eclampsia. |
| 32 | DR. MOKSHITA MALHOTRA | Obstt & Gynae | MAMC | Effect of opportunistic bilateral salpingectomy on ovarian function. |
| 33 | DR. NEHA MAHAR | Obstt & Gynae | MAMC | Maternal and felat outcome in pregnant women with cardiac disease. |
| 34 | DR. PRACHI SINGHEE | Obstt & Gynae | MAMC | Quality of life in long term gynaecological cancer survivors. |
| 35 | DR. PRIYA MEHAR | Obstt & Gynae | MAMC | Clinicopathological study of women with endometrical hyperplasia. |
| 36 | DR. PUNEET KAUR | Obstt & Gynae | MAMC | Efficacy and safety of two different doses of vaginal misoprostol for second trimester pregnancy termination in women with previous caesarean section - a randomised controlled study. |
| 37 | DR. SARITA SARAN | Obstt & Gynae | MAMC | Comparison of pregnancy outcome in women with dual - trigger and HCG only - Trigger undergoing intrauterine insemination-A Randomized controlled study |
| 38 | DR. SOURAVI KARMAKAR | Obstt & Gynae | MAMC | Serum Anti-Mullerian Hormone and Insulin resistance in different phenotypes of Polycystic Ovarian Syndrome. |
| 39 | DR. SUSHMA DAHIYA | Obstt & Gynae | MAMC | Estimation of Vitamin D and Anti Mullerian Hormone levels in serum and follicular fluid and its association with In-Vitro Fertilization outcome. |
| 40 | DR. LOPAMUDRA PANDA | Obstt & Gynae | MAMC | Association of serum Luteinising Hormone levels on trigger day with In-Vitro Fertilisation outcome |
| 41 | Dr. Priya Samanta | Obstt & Gynae | UCMS | Association of fetal renal artery doppler indices and fetal inflammatory response syndrome in case of preterm prelabour rupture of membranes |
| 42 | Dr. Divya Rashmi | Obstt & Gynae | UCMS | Evaluation of ovarian reserve with serum anti-mullerian hormone (AMH) levels post cystectomy in benign ovarian cysts:A prospective cohort study |
| 43 | Dr. Mitali | Obstt & Gynae | UCMS | Efficacy of prophylactic autologous platelet rich plasma in caesarean wound healing |
| 44 | Dr. Archee Sinha | Obstt & Gynae | UCMS | Effect of autologous intrauterine platelet rich plasma therapy on endometrial receptivity and clinical pregnancy rate in unexplained infertility |
| 45 | Dr. Charvi Gupta | Obstt & Gynae | UCMS | Low dose mifepristone versus levonorgestrel intrauterine system (LNG-IUS) in medical management of adenomyosis |

| | | | | |
|---|---|---|---|---|
| 46 | Dr. Vaishnavi Maurya | Obstt & Gynae | UCMS | Evaluation pelvic floor dysfunction after abdominal hysterectomy : A prospective cohort study |
| 47 | Dr. Aastha Chaurasia | Obstt & Gynae | UCMS | Feasibility of telemedicine in postoperative follow-up care after major elective gynaecological surgery in low resource setting |
| 48 | Dr. Mini Garg | Obstt & Gynae | UCMS | Prediction of intra- Abdominal adhesions by clinical methods and ultrasonographic sliding sign at repeat cesarean deliveries |
| 49 | Dr. Balla Vani | Obstt & Gynae | UCMS | A novel technique of endometrial sampling using endocervical cytobrush for detection of endometrial pathology -A pilot study |
| 50 | Dr.Divya | Obstt & Gynae | UCMS | Maternal serum soluble urokinase plasminogen activator receptor and C- reactive protein levels in pre -eclampsia :A case control study |
| 51 | Dr. Diksha Malhotra | Obstt & Gynae | UCMS | Mifeprostone as a single agent versus mifepristone followed by misoprostol for second trimester termination of pregnancy in women with previous caesarean |
| 52 | Dr.Chanchal | Obstt & Gynae | UCMS | Serum Levels of macrophage colony stimulating factor (MCSF) as diagnostic marker for cervical pre-cancer and early invasive cancer |
| 53 | Dr. Niketa Chaudhary | Obstt & Gynae | UCMS | Efficacy of autologous human amniotic membrane patch dressing in primary caesarean wound healing |
| 54 | Dr.Pragati | Obstt & Gynae | Kasturba | Comparison of continuation rate, Acceptability and safety of intracaeserean insertion of copper T 380A and copper T 375 intrauterine contraceptive devices |
| 55 | Dr. Mallikarjun | Obstt & Gynae | Kasturba | To study the association of maternal lipid profile with gestational diabetes mellitus and its impact on fetomaternal outcome |
| 56 | Dr. Prerna Magoo | Obstt & Gynae | Kasturba | Placental thickness measurement by ultrasonography at second and third trimesters of pregnacy and its association with fetomaternal outcome |
| 57 | Dr. Sakshi Malhotra | Obstt & Gynae | Kasturba | Association of thyroid dysfunction with recurrent pregnancy loss |
| 58 | Dr. Sweta Shubham | Obstt & Gynae | Kasturba | Study of effects of maternal age on maternal and neonatal outcome primigravinda patient |
| 59 | Dr. Lalnunpuii | Obstt & Gynae | Kasturba | To study the effect of vitamin D supplement on improving glycaemic control in diabetic vitamin D deficient pregnant women |
| 60 | Dr. Hitesha Sharma | Obstt & Gynae | Kasturba | A Comparative study of safety and efficacy of intracervical foley' S catheter with dinoprostnoe gel for cervical ripening and induction of labour |
| 61 | Dr. Priya | Obstt & Gynae | Kasturba | The association of polycystic ovarian syndrome with thyroid dysfunction and autoimmunity |
