

Faculty of Medical Sciences, University of Delhi
List of Protocols submitted by Post-graduate students : Batch 2022 : MS
Otorhinolaryngology (ENT)

S.No.	Name	Department	College	Title
1	Mezhusenuo Mhasi	Otorhinolaryngology (ENT)	LHMC	Clinical profile of children presenting with tugging/rubbing of ears in non-discharging ears
2	Rinku Sehwat	Otorhinolaryngology (ENT)	LHMC	To Study the pattern (microstructure) of cholesteatoma as a risk factor for bone resorption
3	Akhil Bahuguna	Otorhinolaryngology (ENT)	LHMC	To evaluate the hypothalamic-pituitary-adrenal axis safety of fluticasone furoate nasal spray in children with adenoid hypertrophy
4	Nongmaithem Mon	Otorhinolaryngology (ENT)	LHMC	To Study the role of vitamin D on outcome of tympanoplasty type 1 in patients of chronic otitis media-Mucosal disease: A prospective observational study.
5	DR. AAYUSHI PARASAR	Otorhinolaryngology (ENT)	MAMC	A Study Of Efficacy Of Ultrasound Guided Fine Needle Aspiration Cytology, Ultrasonography And Clinical Examination In Correlation With Post-Operative Histopathology In Thyroid Swellings.
6	DR. AKASH M LAL	Otorhinolaryngology (ENT)	MAMC	Evaluation Of Efficacy Of Macrolides In Eradication Of Biofilms In Patients Of Chronic Rhinosinusitis.
7	DR. ARDHENDU SEKHAR KAR	Otorhinolaryngology (ENT)	MAMC	Efficacy Of Balloon Eustachian Tuboplasty In Cases Of Unresolved Otitis Media With Effusion And Pars Tensa Retractions.
8	DR. DEVESH NOGIA	Otorhinolaryngology (ENT)	MAMC	The Comparisson Of Radiological And Intraoperative Finding In Patients Of Active Squamousal Disease.
9	DR. DIVYA SINGH	Otorhinolaryngology (ENT)	MAMC	Assessment of Cochlear duct length by High Resolution Computed Tomography of Temporal bone in patient planned for cochlear implantation.
10	DR. NANDINI SHRUTI	Otorhinolaryngology (ENT)	MAMC	Evaluation Of Dysphagia In Head And Neck Cancer Treated Patients Using Eating Assessment Tool-10 Score And Fibre Optic Endoscopic Evaluation Of Swallow.
11	DR. SARAJINI PANI	Otorhinolaryngology (ENT)	MAMC	Effect Of Bolgerization On Olfaction And Its Effectiveness In Middle Turbinate Medialisation During Endoscopic Sinus Surgeries.
12	DR. TANJEEB AHMAD	Otorhinolaryngology (ENT)	MAMC	Impact Of Septoplasty On Quality Of Life In Patients With Deviated Nasal Septum.
13	Dr. Shivani Batta	Otorhinolaryngology (ENT)	UCMS	Evaluation olfaction in patients of laryngopharyngeal reflux

14	Dr. Sandhya Sharma	Otorhinolaryngology (ENT)	UCMS	Diagnostic accuracy of patient driven and specimen driven margins using frozen section and formalin fixed paraffin embedded permanent section in oral squamous cell carcinoma
15	Dr. Jyoti Ahlawat	Otorhinolaryngology (ENT)	UCMS	A descriptive study of phenotypes of chronic rhinitis
16	Dr. Gita Glin	Otorhinolaryngology (ENT)	UCMS	Comparison of the posterior auricular artery as a landmark for identification of facial nerve in human cadaver and in patients undergoing parotid surgery
17	Dr. Chetna Arya	Otorhinolaryngology (ENT)	UCMS	Evaluation of environment risk factors and oxidative stress status in allergic rhinitis and asthma
18	Manish Kumar Garg	Otorhinolaryngology (ENT)	AH	To determine the effects of oral corticosteroids on patients with chronic rhinosinusitis with nasal polyps (CRSwNP) in the Indian population
19	Dr. Anubhav Kamboj	Otorhinolaryngology (ENT)	AH	A descriptive study on audiological and clinical outcomes after bone conduction implant A pilot study
20	Maj Avanti Chauhan	Otorhinolaryngology (ENT)	AH	To study the effect of GJB2 gene on outcomes of cochlear implantation in pediatric patients with bilateral prelingual profound hearing loss"
21	Dr. Parag Vasistha	Otorhinolaryngology (ENT)	AH	To determine the utility of videofluoroscopy study in initiation of oral feeding in post total laryngectomy with or without partial pharyngectomy patients
