

Faculty of Medical Sciences, University of Delhi

List of Protocols submitted by Post-graduate students : Batch 2024 : MS Orthopaedics

S. No	Name	Department	College	Title
1	ASHISH PATEL	Orthopaedic	MAMC	Comparative Evaluation Of Half Minimally Invasive And Minimally Invasive Strabismus Surgery In Inferior Oblique Recession
2	GAURAV KUMAR SINGH	Orthopaedic	MAMC	Relationship between posterior tibial slope and knee laxity at 6-12 months after anterior cruciate ligament reconstruction.
3	JANMAYJAY SINGH	Orthopaedic	MAMC	Effect of timing of definitive surgery on functional outcome in Adult Cases Of Floating Knee Injury
4	MANAS VARSHNEY	Orthopaedic	MAMC	Evaluation of foot pressure changes and gait kinematic changes in pre vs post lumbar discectomy patients.
5	NAVEEN SHARMA	Orthopaedic	MAMC	Clinico -Radiological Outcomes In Minimally Invasive Spine Surgery (Unilateral Bi Portal Endoscopic Decompression Combined With Percutaneous Pedicular Screw Fixation) For Thoraco Lumbar Burst Fracture
6	NAVEEN VERMA	Orthopaedic	MAMC	Comparison Of Severity Of Musculoskeletal Injuries Due To Road Traffic Crashes Of Different Types Of Motorised Two Wheelers
7	NITIN JAIN	Orthopaedic	MAMC	Assessment Of Severity Of Musculoskeletal Injuries Sustained By Pedestrians
8	RINKU AHIRWAR	Orthopaedic	MAMC	A Comparative Study Of Efficacy Of Platelet Rich Fibrin Vs Corticosteroid Injection In Rotator Cuff Tendinopathy
9	RITIK DUTT	Orthopaedic	MAMC	Evaluation Of Accuracy Of Calcar Screw Placement In Philos Plate On 3d Model Of Proximal Humerus In Indian Females
10	ROHIT KUMAR	Orthopaedic	MAMC	Effects Of Platelet Rich Plasma In Functional & Radiological Outcomes Of Endoscopic Lumbar Discectomy
11	S SUDEESH	Orthopaedic	MAMC	Comparative Evaluation Of Treatment Of Pin Tract Infections With Platelet Rich Fibrin Versus Standard Care In external Fixators
12	SANSHAM MANCHANDA	Orthopaedic	MAMC	Comparative Study Of Gait Analysis Following Medial Pivot And Posterior Stabilised Primary Knee Arthroplasty
13	SUMIT KUMAR PARIHAR	Orthopaedic	MAMC	Comparative Study Of Gait Analysis In Anterior Cruciate Ligament Reconstruction Using Autologous Peroneus Longus Versus Hamstring Tendon Graft

14	TAZEEM ALI	Orthopaedic	MAMC	Association Between Various Radiological Classifications And Hip Function Scores In Osteonecrosis Of Femoral Head
15	VIVEK KUMAR	Orthopaedic	MAMC	Evaluation Of Accuracy Of Pediclescrew Placement In thoracic Spine Using A Patient Specific 3d Printed Guiding Jig
16	Dr Ashwani	Orthopaedic	LHMC	Outcomes of Surgical Management of Developmental Dysplasia of the Hip in Children Aged 1 to 5 Years
17	Dr Gaurikinkar Sahoo	Orthopaedic	LHMC	Outcome Of Mini-Open Osteochondroplasty In Achieving Adequate Sphericity As Assessed By Arthroscopy
18	Dr Justin Raj	Orthopaedic	LHMC	Functional Outcome following Closed Reduction Percutaneous Pinning in Gartland type iii Supracondylar Humerus fractures in Children: A Cross-Sectional Study
19	Dr Priyansh Gupta	Orthopaedic	LHMC	Comparison of Diagnostic Accuracy of Clinical Methods for measuring Genu Valgum in children using Scanogram as Reference Standard
20	Dr.Sweta Garg	Orthopaedic	LHMC	Distance of Neurovascular Structures from Portal location during Ankle Arthroscopy: A Cadaveric Study
21	AKASH SINHA	Orthopaedic	UCMS	Correlation Between Patients Reported Outcome Measure And Clinical Outcomes In Intercondylar Fracture Of Humerus: A Pilot Study
22	AMAN KUMAR GOND	Orthopaedic	UCMS	Outcomes Of Fresh Frozen Allografts In Treatment Of Benign Lytic Bone Tumors
23	AMANDEEP	Orthopaedic	UCMS	Change In Calcaneal Length, Width, Height And Posterior Facet Following Open Reduction And Internal Fixation Through Sinus Tarsi Approach In Sanders Type 2 And 3 Calcaneal Fractures
24	Dr. Abhishek Yadav	Orthopaedic	UCMS	Comparison Between Fresh Frozen Allograft With Bone Marrow Aspirate Versus Iliac Crest Autograft In Treatment Of Delayed Union And Non-Union Of Long Bones
25	Kamlesh nageshwar	Orthopaedic	UCMS	Assessment of results of surgically treated displaced proximal humerus fractures by patient reported outcomes measures
26	Lokesh pratap singh	Orthopaedic	UCMS	Wound assessment using Bates Jensen Wound Assessment Tool in patients with Acute Musculoskeletal Injury Following Wall Mounted Negative Pressure Wound Therapy for 72 hours
27	Nitesh Saini	Orthopaedic	UCMS	Comparison of functional outcome following direct anterior approach vs posterior approach in hip hemiarthroplasty
28	Rohit Kumar Meena	Orthopaedic	UCMS	Patient reported outcome measures in patient with surgically intervened closed, displaced fracture patella
29	SAURABH SINGH	Orthopaedic	UCMS	Correlation Between Critical Shoulder Angle And Shoulder Ultrasonography In Patients With Shoulder Pain
