

Faculty of Medical Sciences, University of Delhi				
List of Protocols submitted by Post-graduate students : Batch 2025 : MD General Surgery				
1	2	3	4	5
S. No	Name	Department	College	Title
1	Maj Aswin K Wilson	MS Gen Surgery	AH(R&R)	Role of Indocyanin green fluorescence choangiography in difficult cholecystectomy- a prospective study
2	Maj Pranshu Agrawal	MS Gen Surgery	AH(R&R)	A prospective study on gamma knife stereotactic radio surgery for brain metastases : local control, neurocognitive outcomes and survival
3	Surg Lt Cdr Prashant Jadam	MS Gen Surgery	AH(R&R)	Prospective observation study of preoperative risk factors for predicting difficult laparoscopic cholecystectomy
4	Maj Gaurav Yadav	MS Gen Surgery	AH(R&R)	Evaluation of trifecta outcomes following turp for bph
5	Maj Pradeep Sharma	MS Gen Surgery	AH(R&R)	Assessment of preoperative sarcopenia via multi-modal Imaging, handgrip strength and biochemical markers as a predictor of short-term surgical outcomes in adult patients undergoing surgery for gastrointestinal hepatobiliary and gynaecological malignancies an observational study
6	Maj Harishankar P	MS Gen Surgery	AH(R&R)	Association of glp-1 receptor agonist therapy with arteriovenous fistula outcomes in patient with chronic kidney disease an observational study
7	Maj Nishant Choudhary	MS Gen Surgery	AH(R&R)	Triple assessment accuracy in evaluation of breast lumps
8	Maj Mukesh Kumar	MS Gen Surgery	AH(R&R)	Outcomes of dual-dye sentinel Lymph node biopsy in clinically node negative breast carcinoma patients at a tertiary care oncology centre
9	Maj Mounika Chegudi	MS Gen Surgery	AH(R&R)	Role of diagnostic laparoscopy in undescended testis
10	Maj Richu Antony	MS Gen Surgery	AH(R&R)	An observational study to evaluate the impact of pre-operative ureteral stenting on the success rate and peri-operative complications of retrograde intrarenal surgery (rirs) for renal
11	Aashi Singh	General Surgery	LHMC	To study the effect of Laparoscopic One Anastomosis Gastric Bypass on Metabolic Dysfunction-Associated Fatty Liver Disease using magnetic resonance imaging-proton Density Fat Fraction in patients with obesity
12	Abhishek	General Surgery	LHMC	Effect of neoadjuvant chemotherapy (NACT) on circulating tumor DNA (ctDNA) levels in locally advanced breast cancer: A prospective observational study.
13	Ajay Dalal	General Surgery	LHMC	Assessment of systemic inflammatory response after Enhanced-view Totally Extra Peritoneal (eTEP) repair and Trans Abdominal Pre Peritoneal (TAPP) repair in inguinal hernia – a randomized controlled trial.
14	Aswin Smith P	General Surgery	LHMC	Mapping the biliary safe zone: a geometric analysis of the spatial relationship of the R4U line and cystic duct – common bile duct junction with ICG-NIR fluorescence in laparoscopic cholecystectomy – an ambispective observational study.
15	Bobby B George	General Surgery	LHMC	Video Assisted Anal Fistula Treatment (VAAFT) combined with Platelet Rich Plasma (PRP) injection versus open fistula surgery in management of fistula in ano: A Randomised Controlled Trial.
16	Chetan Kumar	General Surgery	LHMC	A Randomized control Trial Study of Single Dose Anti-Anaerobic Sparing Antibiotic Protocol versus a single dose broad- spectrum Antibiotic Protocol on Clinical outcomes (Surgical Site Infections, Length of Hospital Stay) in Adults Undergoing Emergency Open Appendicectomy.
17	Daggubati Venkat Rao	General Surgery	LHMC	Correlation of levels of CRP, amylase and lipase with the severity of acute biliary pancreatitis.
18	Divya Garg	General Surgery	LHMC	Effect of Electrocautery versus Ultrasonic Dissector on Objective Achievement of the Critical View of Safety During laparoscopic cholecystectomy: A randomized controlled trial.
19	Gautam Ram	General Surgery	LHMC	Assessment of laparoscopic skill enhancement among surgical residents following simulation-based training: a pretest – posttest study.
20	Harshini S	General Surgery	LHMC	Correlation between procalcitonin levels and Grade of diabetic foot ulcer as per Wagner classification.

21	Leena Bansal	General Surgery	LHMC	Comparison of Quality of Life Following Ventral Transabdominal Preperitoneal Repair plus versus Intraperitoneal Onlay Mesh Plus in Primary Ventral Hernia Repair Using the EuraHS-QoL Score: Randomized Controlled Trial.
22	Manish Kumar	General Surgery	LHMC	Comparative Analysis of White Light vs Yellow Enhancement for Identification of Anatomical Tissue Planes in Laparoscopic Trans Abdominal Pre Peritoneal Repair for Inguinal hernia: A Prospective Observational Pilot Study.
23	Tarana	General Surgery	LHMC	Anatomical Variations of the extrahepatic bile duct and pancreatic duct in acute gallstone-induced pancreatitis: A Cross-Sectional Study.
24	Tejas Khurana	General Surgery	LHMC	Comparative study of postoperative CRP, IL-6 outcomes in Lichtenstein versus Transabdominal Preperitoneal repair for unilateral inguinal hernia: a randomized control trial.
25	Kashvi Sharma	MS General Surgery	UCMS	relationship between serum testosterone and kidney stones in adult males- case control analytical study
26	Liyinbbeni Humtsoe	MS General Surgery	UCMS	Evaluation of testosterone deficiency among adult men with and without lower urinary tract symptoms due to benign prostatic hyperplasia- A hospital - based Cross-sectional comparative study
27	Vaibhav Saini	MS General Surgery	UCMS	Efficacy of tamsulosin 0.4 mg vs 0.8 mg in management of lower urinary tract symptoms due to benign prostatic hyperplasia- a open label randomized clinical study.
28	ANEESH AGGARWAL	GENERAL SURGERY	MAMC	“Effect of metoclopramide on gastric emptying time and dyspepsia score in patients of functional dyspepsia- a quasi-experimental study”
29	ARU JAIN	GENERAL SURGERY	MAMC	“Comparison of surgical site infection with and without prophylactic mesh placement during stoma reversal- a randomised study”.
30	DIKSHA	GENERAL SURGERY	MAMC	“Comparison of outcomes of chivate’s procedure and stapled hemorrhoidopexy for the management of hemorrhoids– a randomized controlled study”
31	DIPESH	GENERAL SURGERY	MAMC	“Comparison of dynamic and continuous negative pressure wound therapy in healing of diabetic foot ulcers – a randomized controlled study”.
32	GRANDHI PRABHU KUMAR	GENERAL SURGERY	MAMC	“Comparison of hypochlorous acid solution and normal saline for intra peritoneal lavage to prevent surgical site infection in patients of perforation peritonitis undergoing emergency laparotomy: a randomized controlled study”.
33	KUMAR ADARSH	GENERAL SURGERY	MAMC	“Comparison of platelet rich plasma and hypochlorous acid solution with povidone iodine in healing of diabetic foot ulcers: a randomized control study”.
34	LALIT AGARWAL	GENERAL SURGERY	MAMC	“Feasibility of day-care laparoscopic extended totally extraperitoneal (etep) inguinal hernia repair- a prospective observational study”.
35	MUHAMMED ABDUL BASITH K T	GENERAL SURGERY	MAMC	“Effect of body position (sitting vs. Squating) on ano rectal pressures in patients of ano rectal symptoms”
36	PRASANNA	GENERAL SURGERY	MAMC	“Comparison of levels of inflammatory markers with and without the use of electrosurgical energy in patients undergoing laparoscopic totally extra-peritoneal inguinal hernia repair – a double blind randomized controlled study”.
37	REEYA ELSA SAJU	GENERAL SURGERY	MAMC	“Role of drain fluid amylase in early detection of anastomotic leakage following bowel anastomosis”
38	SAMEER GODARA	GENERAL SURGERY	MAMC	“Comparison of total drain volume between quilting and conventional suturing technique of flap closure during modified radical mastectomy- a randomised controlled study”.
39	SANDHIYA D	GENERAL SURGERY	MAMC	“Evaluation of peritoneal adhesion index and its association with peritoneal tissue tgf- β expression- a prospective study”
40	SHIVAM GUPTA	GENERAL SURGERY	MAMC	not submission protocol
41	SHIVANI JHARWAL	GENERAL SURGERY	MAMC	“ASSESSMENT OF CRITICAL VIEW OF SAFETY WITH AND WITHOUT INDOCYANINE GREEN FLUORESCENCE CHOLANGIOGRAPHY IN LAPAROSCOPIC CHOLECYSTECTOMY: A RANDOMISED CONTROLLED STUDY”.
42	SHRUTIKA GARG	GENERAL SURGERY	MAMC	“TO STUDY ASSOCIATION OF SSI WITH VITAMIN D LEVELS IN PATIENTS OF ABDOMINAL SURGERIES”.

43	SOMNATH ROY	GENERAL SURGERY	MAMC	“COMPARISON OF SURGEON SATISFACTION IN PALANIVELU TOTALLY EXTRAPERITONEAL (P-TEP) VERSUS EXTENDED TOTALLY EXTRAPERITONEAL (E-TEP) REPAIR OF INGUINAL HERNIA – A RANDOMISED STUDY”.
44	Arpit	General surgery	IRPGIMSR and Ass. NRCH	Evaluation of targeted axillary surgery in post neoadjuvant chemotherapy breast carcinoma patients
45	DARSHAN M	General surgery	IRPGIMSR and Ass. NRCH	Comparative Evaluation Of Urinary Bladder Tumor Antigen And Nuclear Matrix Protein 22 In Diagnosis And Follow Up Of Carcinoma Urinary Bladder
46	Iswi	General surgery	IRPGIMSR and Ass. NRCH	To evaluate liquid biopsy with respect to histopathological examination in diagnosis of pancreatic lesions
