Faculty of Medical Sciences, University of Delhi				
List of Protocols submitted by Post-graduate students : Batch 2025: MDS				
1	2	3	4	5
S.No	**Name**	**Department**	**College**	**Title**
1	DR. ANUSHKA	Periodontology	**AH(R&R)**	Comparative evaluation of MIP-1 ALPHA biomarker in full mouth access flap surgery vs repeated non-surgical periodontal therapy in stage 3 Grade B periodontitis: A randomized clinical trial
2	DR. NANEPALLI SAI TEJA	Periodontology	**AH(R&R)**	Comparative evaluation of acellular dermal matrix, titanium-platelet rich fibrin and connective tissue graft using ZUCCHELLI'S MODIFICATION of coronally advanced flap technique in the management of multiple adjacent CARIO'S RT1 MARGINAL TISSUE recession in maxilla: A randomized clinical trial
3	DR. SNEHA G	Periodontology	**MAIDS**	Comparison of effect of two different bone processing methods and gamma irradiation on mechanical properties of allogenic bone grafts: An in vitro study
4	DR. AKSHITA KOCHAR	Periodontology	**MAIDS**	Assessment of clinical outcomes of allogenic amnion chorion membrane for palatal donor site healing: A randomized control
5	DR. BALJEET KAUR	Periodontology	**MAIDS**	Comparative evaluation of demineralized freeze-dried bone allograft (DFDBA) used in combination with concentrated growth factor (CFG) versus DFDBA alone for the treatment of periodontal infra-bony defects: A randomized controlled clinical trial
6	MAJ (DR.) NAMAN B CHATURVEDI	Oral and Maxillofacial Surgery	**AH(R&R)**	Comparative study to access nutrition markers in pre and postoperative patients undergoing elective orthognathic surgery
7	MAJ (DR.) GOGULAKRISHNAN M	Oral and Maxillofacial Surgery	**AH(R&R)**	Comparative study to evaluate post operative outcomes of inward fragmentation technique vs conventional rotary technique after mandibular third molar extractions – A randomized controlled trial
8	DR. SHIVANGI BATHLA	Oral and Maxillofacial Surgery	**LHMC**	A comparative clinical evaluation of monofilament barbed suture versus 3-0 silk suture for intraoral incision closure following surgical removal of impacted mandibular 3rd molar:
9	DR. JAGATISHI KAUR	Oral and Maxillofacial Surgery	**LHMC**	Surgical anatomy of the marginal mandibular branch of the facial nerve – A descriptive cadaveric study
10	DR. GULJAR HUSSAIN CHOUDHARY	Oral and Maxillofacial Surgery	**MAIDS**	Comparative evaluation of melatonin and methylcolbamine as adjuncts to perioperative dexamethasone on neurosensory recovery following open reduction and internal fixation of mandibular fractures – A three-arm triple blind randomized
11	DR. DISKIT DOLMA	Oral and Maxillofacial Surgery	**MAIDS**	Comparative evaluation of inferior alveolar nerve injury following piezotome-assisted coronectomy and complete disimpaction of mandibular third molars: A prospective randomized study
12	DR. SHUBHAM BHARADWAJ	Oral pathology and microbiology	**MAIDS**	Development and validation of deep learning based tool for Ki67 virtual staining from histopathological images of oral squamous cell carcinoma
13	DR. PRAGYA GUPTA	Oral medicine and radiology	**MAIDS**	Formulation and clinical evaluation of a novel oral mucoadhesive patch containing 10% ***Nigella sativa*** in oral submucous fibrosis and leukoplakia: A randomized controlled clinical trial

14	DR. SUBHASRI R	Oral medicine and radiology	**MAIDS**	Radiomic analysis of CBCT images for assessment of temporomandibular joint degenerative changes and evaluation of therapeutic response: A randomised controlled trial
15	DR. DEEPAK	Public Health Dentistry	**MAIDS**	Development and validation of an AI-BAISED periodontal risk and prediction model in adults attending tertiary care hospital in Delhi: A prospective cohort study using design thinking.
16	DR. MOHD SHAHID	Public Health Dentistry	**MAIDS**	Assessment of oral health status and oral health-relation quality of life among older adults in Delhi, India: A cross-sectional study
17	MAJ VAISHAKH NAMBIAR	Conservative Dentistry & Endodontics	**AH(R&R)**	Comparative evaluation of surface roughness of three different single-shade resin composites before and after dry and wet polishing: An in-vitro study
18	MAJ ADITYA RANJAN	Conservative Dentistry & Endodontics	**AH(R&R)**	Comparative evaluation of remineralising efficacy of CPP-ACP, bioactive glass and nano-hydroxyapatite on bleached enamel: An Sem-EDX study
19	DR.SAKSHI AGARWAL	Conservative Dentistry & Endodontics	**MAIDS**	Correlation analysis of inflammatory biomarker levels (IL-1α) with pulp survival and post-trauma complications, following mild traumatic dental injuries: A prospective clinical study
20	DR. DRISHTI ADHIKARI	Conservative Dentistry & Endodontics	**MAIDS**	Comparative evaluation of clinical and radiographic outcomes following primary endodontic treatment using continuous vs sequential chelation irrigation techniques: A randomized controlled trial
21	DR. MOHSIN	Conservative Dentistry & Endodontics	**MAIDS**	Comparative evaluation of manual versus ultrasonic condensation techniques for two premixed bioceramic putties: A micro-computed tomography study
22	DR. ADITI NANDA	Prosthodontics and crown & bridge	**AH(R&R)**	Comparative analysis of accuracy of digital and conventional impressions for laminate veneer preparation with different finish lines: An in-vitro study
23	MAJ (DR.) SHUBHAM GOYAL	Prosthodontics and crown & bridge	**AH(R&R)**	A comparative analysis of colour stability and surface roughness of 3D-printed and conventional medical-grade maxillofacial silicones subjected to artificial sweat: An in-vitro study
24	DR. PRINCE	Prosthodontics and crown & bridge	**MAIDS**	Comparative evaluation of clinical performance of conventional vs CAD-CAM Milled VS 3D-printed complete dentures: A parallel randomised controlled clinical trial
25	DR. GOURANGA DOLEY	Prosthodontics and crown & bridge	**MAIDS**	Comparative evaluation of biological and mechanical properties of conventional, 3D-printed and CAD/CAM milled complete dentures: A parallel randomized controlled trial
26	DR. SANDHYA HARICHANDANA	Prosthodontics and crown & bridge	**MAIDS**	Comparative evaluation of accuracy and fit of multi-unit fixed partial denture fabricated using digital versus conventional impressions in varying arch spans: An in-vitro study
27	MAJ ANKUSH KUMAR SHUKLA	Orthodontics and dentofacial orthopaedics	**AH(R&R)**	Comparative cephalometric evaluation of chin thickness and nasal morphology in different skeletal malocclusions and growth patterns: Manual versus AI-based analysis.
28	DR. JIGYASA SHARMA	Orthodontics and dentofacial orthopaedics	**AH(R&R)**	Enzyme profiling in patients undergoing functional jaw orthopaedics
29	DR. NIGITHA CHRISTY G	Orthodontics and dentofacial orthopaedics	**UCMS**	Biochemical profiling of TNF-α during various phases of tooth movement in patients undergoing fixed orthodontic treatment

30	DR. MOHD NADEEM	Orthodontics and dentofacial orthopaedics	**UCMS**	Assessment of salivary dehydroepiandrosterone sulphate (DHEA-S) and insulin like growth factor 1 (IGF-1) levels in different cervical vertebra maturation (CVM) STAGES AS INDICATORS OF SKELETAL MATURITY in orthodontic patients
31	DR. NIVEDITA PANDEY	Orthodontics and dentofacial orthopaedics	**MAIDS**	Prospective clinical evaluation of changes in physical and mechanical properties of different thermoformed and direct printed orthodontic retainers
32	DR. RIYA VERMA	Orthodontics and dentofacial orthopaedics	**MAIDS**	Speech evaluation associated with maxillary expansion following miniscrew-assisted rapid palatal expansion (MARPE) in late adolescents and young adults: A prospective clinical study
33	DR. ANJU ANN MATHEW	Orthodontics and dentofacial orthopaedics	**MAIDS**	Assessment of nasal airway volume and function changes following mini implant assisted rapid palatal expansion (MARPE) in late adolescents and young adults: A prospective clinical study
34	DR. DEVANSHI MAURYA	Oral and Maxillofacial Pathology and Oral Microbiology	**MAIDS**	Comparative assessment of impact of zinc oxide nanoparticles and β-carotene on cisplatin induced cytotoxicity in oral squamous cell carcinoma cell lines: An in-vitro analytical study
35	DR. JAILWAL NITIN BABULAL	Pediatric and preventive dentistry	**UCMS**	Comparative evaluation of post-operative pain following different irrigant activation techniques in pulpectomy of primary molars: A randomized clinical trial
36	DR. DEEPIKA KUMARI	Pediatric and preventive dentistry	**UCMS**	Oral health related quality in children and adolescents with transfusion dependent thalassemia using PedsQL™ Scale
37	DR. MOHIT KUMAR	Pediatric and preventive dentistry	**MAIDS**	Comparative evaluation of app-based and conventional toothbrushing education in children: An observational study
38	DR. BEENA AGRAHARI	Pediatric and preventive dentistry	**MAIDS**	Development and validation of a deep learning-based model for detection of dental caries in primary molars using different radiographic modalities: An observational study
