Speaker: Christopher "Chris" Greenhill Jr, Private Relationship Manager

My name is Chris Greenhill and I am the Private Relationship Manager at Northwest Federal Credit Union. I have been working with people for over 15 years to help them achieve their financial goals by developing and implementing financial strategies unique to each individual. The Private Relationship Management Program is about providing select members a personalized experience and understanding the needs and preferences of that member, while empowering them to meet their goals and make the best financial decisions.

I believe one of the most impactful ways to effect a person's life and the people they count on is to reveal and promote proven financial principals that will withstand the highs and lows of life and help people reach their goals. I'm committed to help guide, grow and preserve your wealth as your main point of contact.
