DATA
WORKSHOP

HONOR CODE CERTIFICATE

THIS CERTIFICATE CONFIRMS THAT

FABIAN RADOMSKI

has successfully completed the

DWthon | Software 3.0 (Agent Memory)

a 3-day course of study offered by DataWorkshop

THE PARTICIPANT DEMONSTRATED PRACTICAL SKILLS IN:

designing and building production-ready AI agents with persistent memory, semantic retrieval, long-term context management, and structured memory architectures that preserve knowledge across sessions while maintaining controllability, traceability, and engineering oversight.

ISSUED JULY 10, 2026

certificate ID: fc64903/dwthon-memory
