

## **My City Centre Project Privacy Notice**

We keep the My City Centre Project Privacy Notice under review. It was last reviewed and updated in September 2021.

We are seeking the views of residents, businesses and stakeholders in order to create a long term vision for York City Centre and this privacy notice explains how we will use the information you give us.

---

### **Personal data**

During the course of the engagement, we may ask you for

- Email contact information
- demographic information about you
- extended (open-ended) information that helps to provide context

---

### **Using personal data**

We'll only use the information you give us for the City of York Council My City Centre project.

We will collate and summarise the written information that you provide, and share social media to people in the York area, though the messages may also be spread further afield through engagement, for example: shares, retweeting.

We'll use the information we collect as the basis of an open community brief which will be used to inform the production of a vision document. The details you provide are used for aggregated analysis – that is, responses are pooled with those of other participants and are reported anonymously.

The open brief and vision will be:

- Made publically available through the Council website.
- Be referenced and signposted through social media (Facebook, Twitter, Instagram, YouTube).
- Be referenced and signposted in media materials (press releases to provide information about the project which could then be used by the local/regional/national, radio and television interviews, shared with local partner organisations).

Any quantitative and qualitative personal data captured will be anonymised. Quantitative data is anonymised via aggregation and pseudonyms. Qualitative data is masked in audio formats and transcripts for which we use aggregation and pseudonyms to anonymise.

We will not pass your information to any other third parties for marketing, sales or any other commercial purposes without your prior explicit consent.

This means our lawful basis for using your information in the ways set out in this privacy notice, is because we have your explicit consent to do so.

---

## **Retaining personal data**

We'll keep the information you give us in the council's secure network and make sure nobody has access to it who shouldn't.

We'll only keep your information for as long as is required for this project, this will be 6 months following the adoption of the vision (which is currently programmed for November 2021) and then we will delete or destroy it securely.

At the end of the retention period, we may pass any relevant information to the [City Archives](#) where it is required or appropriate to do so.
