

## Update of Major Projects

Over the page is a summary of the Council's Major projects:

### Please note before reviewing the “Large” project information:

- The Summary of “Large” projects will evolve over time as projects progress, are completed and new projects are initiated and is provided to inform the committee in performing its role of risk and assurance of the project management approach.
- Any project that achieves a score of 106 or more out of 160 qualifies as a “Large” or Major project and is included in this list.
- Executive is responsible for scheme financing/policy and Scrutiny will perform detailed reviews of any relevant project.
- The status (RAG – Red, Amber or Green) is provided as an overview. (RAG description, below, as agreed at the July 2016 A&G committee)

Green	All the elements of delivery are within acceptable parameters.
Amber	There are risks/issues with one or more elements of delivery. There is a plan in place to bring the project back within acceptable parameters and it is in the control of the project team.
Red	There are issues with one or more elements of delivery and there is no plan in place to mitigate or there is a plan emerging, but it is out of the control of the project team

- Please note the Risk register extract is not included in the report for this period in preparation for the input of risk narrative in future versions of the report (starting December 2019). This is to better describe the position of challenges within the projects.

## Detailed Updates

<b>Project title</b>	Older Persons' Accommodation Programme Phase 2		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>To provide, and ensure the provision of, a range of accommodation to address the housing (and care) needs of the city's older residents. The Council's Executive on 30th July 2015 approved the Business Case for the Older Persons' Accommodation Programme in order to prepare the city for a 50% increase in the size of the over 75 population. This will:</p> <ul style="list-style-type: none"> <li>• Deliver a 10 unit extension and refurbishment of Lincoln Court Independent living scheme.</li> <li>• Build a 29 unit extension to the Extra Care scheme at Marjorie Waite Court, plus provide 4 bungalows on the site.</li> <li>• Carry out community and stakeholder engagement to establish the demand for specialist older person's housing and the issues facility residents of the city in relation to age related housing.</li> <li>• Complete procurement of a new residential care facility as part of the wider Health and Wellbeing Campus at Burnholme; and</li> <li>• Encourage the development of additional residential care capacity, extra care and age related housing, supporting older people to continue to live independently in their own home.</li> <li>• Complete the transfer of Haxby Hall care home to a care provider who will extend and enhance the provision on site.</li> <li>• Review the Council's Independent Living stock to ensure it meets the needs of existing and new tenants and to seek opportunities to increase its capacity.</li> </ul>			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<b>Programme Wide</b>			
<ol style="list-style-type: none"> <li>1. The results of the city wide consultation into how and where our older residents want to live are being prepared for publication. The results have been presented to the Executive member for Adult Social Care and Health and have been discussed by Health and Adult Social Care policy and scrutiny committee. A meeting was also held with an Older Person's Accommodation Stakeholder Group who discussed the results in detail and shared views on the actions required.</li> </ol>			

2. Work has begun on the development of an Older Person's Accommodation directory in partnership with other housing providers and Age UK York. Housing management colleagues are also developing CYC publications to introduce residents to the accommodation options we have available.

### **Burnholme Health & Wellbeing Campus**

1. Care home construction progressing well.
2. The Sports centre redevelopment works are progressing well, work is due for completion on 29 November with handover to GLL expected to be on 1st January 2020.
3. GLL are preparing for their mobilisation of the site.
4. The pitches are establishing well and will be ready for use in September 2020.

### **Marjorie Waite Court extra Care scheme**

1. Work is progressing well on site.
2. 2 of the Bungalows are complete to first fix stage which will allow these units to be used as the site office. This means that the gym building can be demolished and construction can begin on that site.
3. The contractor is aiming to have the main body of the extension building water tight by the end of the year.
4. The project is being delivered with residents remaining in the existing part of the scheme. Residents are being kept informed throughout the process, and have been supported to adapt to the building changes.

### **Lincoln Court**

1. Work is progressing well on site.

### **New Independent Sector Provision**

1. JRHT extra care properties at new Lodge are now complete, apartments will be available for the Council to nominate tenants to in mid November.
2. Work is progressing well on site to construct a new care home on the former Fordlands care home site, with the accommodation due to open in spring 2020.
3. The programme has responded to a number of planning consultations encouraging the provision of older people's accommodation within large housing developments.

### **Future outlook**

1. Completion of the sports centre redevelopment work at Burnholme.

<ol style="list-style-type: none"> <li>2. The results of the Older Person's Accommodation Survey being presented to Housing and community safety policy and scrutiny committee.</li> <li>3. Publication of CYC information about Extra Care and Independent Living Communities.</li> <li>4. The Council's first nominations to extra care accommodation at New Lodge in New Earswick.</li> </ol>

<b>Project title</b>	York Central		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>York Central is a key strategic development site for economic growth and housing delivery for the city. The majority of the land is in the ownership of Network Rail and Homes England. CYC have a role to play in de-risking the site and accelerating delivery with public sector partners. In recent months, the site and the opportunity it presents have been positioned at all levels of Government as a priority site for support to enable delivery of locally-led regeneration and development schemes. The capacity for the site to contribute to the achievement of the local plan housing targets is also a key consideration.</p>			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<ul style="list-style-type: none"> <li>• The Outline Planning Application was approved by Planning Committee in March 2019. <b>Project title</b>	Castle Gateway		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>City of York Council (CYC) are one of the principal land owners in the area around Piccadilly, the Eye of York, St George's Field and the Foss Basin. This area is being referred to as the "Castle Gateway" and many parts of the area are underused, semi derelict or of poor quality. Many of the properties are for sale or owned by investors and there is a risk that the area will continue to be blighted or that important sites will be developed in a piecemeal manner. The area is urgently in need of a fresh vision to improve the locality and create a socially and economically sustainable future. As the principal landowner, CYC will be instrumental in delivering a joined-up regeneration of the area which will maximise social and economic benefits for the City.</p>			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<b><u>Work Package 1</u></b>			
<p><b>St George's Field</b> - The planning application for the multi-storey car park was submitted in mid-September. This represented a major milestone in the delivery of the Castle Gateway regeneration and followed significant engagement with key stakeholders and statutory bodies to resolve the constraints and issues relating to this complex site.</p>			
<p><b>Castle Mills</b> - the planning application is complete and will be submitted the week commencing 11 November 2019. This again represents a major milestone in the delivery of the project.</p>			
<p><b>Fishergate junction improvements</b> - WSP have submitted the outline business case to the West Yorkshire Transport Fund for the junction improvements and other highway interventions in the Castle Gateway. This is again a major project milestone as it represents a key funding source for the Castle Gateway.</p>			
<p><b>Public engagement</b> - The summer of events designed to provide the public brief which will shape the new public space at Castle Car Park have now completed, and the draft public brief is in the process of being finalised for release.</p>			

**Delivery strategy** - a report was scheduled to be taken to the Executive in December setting out the outline business case for the whole masterplan and the detailed business case for work package 1. However, due to the impending general election this meeting has been cancelled, and instead it will be taken to January's Executive.

### **Future outlook**

**St George's Field and Castle Mills** – officers will continue to respond to any comments or objections relating to the planning applications and will work with planning officers to resolve any issues to ensure the successful achievement of planning permission.

**Castle Gateway events** - the programme of events funded through the Leeds City Region Business Rates Pool fund will continue with the next event launching in November. Conflux is an app based digital experience using spoken words and imagery to explore the history and stories of the Castle Gateway. This is a self-guided experience which is due to run for a year.

**Delivery strategy** - the financial modelling and options appraisals are ongoing to establish the recommended delivery strategy for work package 1 which, subject to Executive approval, will be taken to the Executive in January.

### **Reports to**

The Executive sponsor for the Castle Gateway is the Leader of the Council in his remit as Executive Member for Finance and Performance. The Executive have approved a whole series of recommendations over the last three years to advance the project, with delivery of these being the responsibility of the Castle Gateway Working Group. This working group was established in January 2017 and serves as the project board and meets on a monthly basis. It is chaired by the Director for Economy and Place, and the wider interests of the council are represented by the Assistant Directors for Regeneration and Asset Management; Planning and Sustainable Development; and Transport, Highways and the Environment. The group also has Heads of Service for legal, finance and property.

The working group is the key interface point with wider stakeholders, with the project manager and Assistant Director for Regeneration and Asset Management

	<p>chairing the Castle Gateway Advisory Group (which consists of key stakeholders and principal custodians of the city) and the My Castle Gateway public engagement partnership. The interests of the formal partnership with York Museums Trust will also be represented by the same individuals and outcomes and decisions fed back in to the working group.</p> <p>The Castle Gateway project manager has defined expenditure levels under the Council's Contract Procedure Rules. Any decisions that are outside the remit of previous recommendations from the Executive are taken to the appropriate decision making route as set out by the council's governance and decision making framework. Dependent on the nature and scope of the issue this may be an officer decision, Executive Member decision, or require a full Executive decision.</p>

<b>Project title</b>	Local Plan		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>The 'Local Plan' is a citywide plan which sets the overall planning vision and the spatial land use strategy for the city. It provides a portfolio of both housing and employments sites for at least a 15 year period and will set the Green Belt boundaries for York. In addition it incorporates both policies and approaches to set the context for development management decisions. Effectively, it sets out the opportunities and policies on what will or will not be permitted and where, including new homes and businesses.</p> <p>The Local Plan must be accompanied by an infrastructure delivery plan setting out the Council's approach to strategic infrastructure and its funding. All housing and employments sites included must be viable and deliverable this is directly linked to future approaches to planning gain i.e. CiL and S106.</p> <p>In response to both the Council resolution in autumn 2014, and the changed national and local context, officers have initiated or a series of work streams to inform the next stages of plan production. This relates to housing need, economic growth and the related need for employment land, and detailed site assessments.</p> <p>The production of the plan has to be in accordance with statute and national guidance. This includes a legal requirement to work with neighbouring authorities. It also means that the plan must be subject to Sustainability and Environmental Assessments. It will also ultimately be subject to an independent examination by a government inspector.</p>			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<p>The Inspectors have now considered all of the representations made during the consultation on the modifications, which ended on 22 July 2019. The Inspectors are now preparing for the first stage of hearings, which will address Duty to Co-operate, Green Belt and Housing Need. Provisional dates have been agreed for these initial hearings to be held on selected days over a two week period, commencing on 10 December 2019 at York Racecourse.</p>			
<b>Future outlook</b>			

Appointed planning inspectors are undertaking an independent examination of York's Local Plan. It is now confirmed that phase 1 of hearings of the City of York Local Plan will commence 10 December and are expected to finish week ending 20 December.

More information about the hearings including a detailed timetable for the sessions is available to view at: [www.york.gov.uk/localplanexamination](http://www.york.gov.uk/localplanexamination)

The Local Plan sets strategic priorities for the whole city and forms the basis for planning decisions; it must be reviewed at regular intervals to be kept up to date.

The informal debates (hearing sessions) are discussing the principal matters identified by the inspectors.

These sessions are covering key matters such as:

- legal compliance
- housing need
- the York Green Belt.

Participants are on an invitation basis only, but the hearings themselves are open to members of the public to attend.

The inspectors will take into account the comments submitted to-date, as far as they relate to soundness considerations such as whether the plan is justified, effective and consistent with national policy.

<b>Project title</b>	The Guildhall		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>City of York Council vacated the Guildhall in April 2013, moving to West Offices as part of the Admin Accommodation programme, in order to make approx. £1m pa savings. An evaluation of potential future uses had already been undertaken, and following further feasibility work and review a decision on the Future of the complex was taken by Executive in October 2015. Approval was granted for detailed project development work to secure the future of the Guildhall as a serviced office venue; with virtual office and business club facilities, maximising the benefits of the different spaces within the complex, its heritage appeal, and also ensuring ongoing council use and public access in a mixed use development.</p>

--	---

<b>Project Title</b>	ASC - Future Focus
<b>Reporting period</b>	November 2019
<b>Description</b>	
<p>Demand for Adult Social Care rises each year. People are living longer into old age requiring support, there are more people living longer with complex long term conditions and there are increasing numbers of young adults in transition to adult services with complex needs.</p> <p>This increased demand for services coincides with significant financial pressure arising from reduced Local Authority funding, legislative changes driven by the Care Act and an increased public expectation of Adult Social Care and rightly an expectation of high quality, personalised and flexible support for those who are eligible for care.</p> <p>The goal of health and care services is to help older, vulnerable or disabled adults who have ongoing support needs to live well and have a good life. A “good life” means living independently at home wherever possible, with opportunities to spend time with other people and to do things which are meaningful to that individual.</p> <p>Current ways of supporting adults do not consistently result in everyone achieving all of their goals and living well where they want to live. People and families are not always helped enough to look after themselves and each other. Services can be overly paternalistic and lack the choice and control that services users rightly demand.</p> <p>Social care is often a vital part of enabling people to live independent lives but it is far from being the only component to enable people to live fulfilled lives. We must be ready to have different conversations which take full account people’s assets, strengths, knowledge and skills to build and harness the contributions of people, their personal networks, social capital and their local communities. This will support greater wellbeing and independence.</p> <p>The nature and scale of these challenges requires a fundamental shift in how Adult Social Care is delivered to ensure financial sustainability and to help those with social care needs, their families and carers have a better quality of life.</p> <p>There is an emerging consensus that community based models of social work based on Asset Based Conversations that will support a collaborative approach alongside communities, families and carers are the most effective</p>	

way to approach the challenges outlined above. A review of national best practice and emerging evidence to identify the elements of such approaches that are likely to be of key importance for any operating model that seeks achieve both improved lives and financial sustainability for Adult Social Care.

To be successful this will entail:

Changing culture and reducing bureaucracy, with an emphasis on having deeper and more specific conversations based upon what people, their families and carers want in terms of their outcomes;

Focussing on maximising the Assets, Skills Knowledge and Strengths of individuals and their communities in maintaining health, wellbeing and independence and thereby helping people develop and maintain skills that will maximise their independence in the long term;

Reaching people earlier and being more accessible in local communities;

Helping people access community solutions and improve their connections with others to reduce isolation and loneliness;

Emphasising the importance of being highly responsive when people are in crisis and developing a plan that helps them to regain as much independence as possible;

Making the best use of digital and technological solutions to support employees to be more effective and efficient in their work, and help people lead independent lives.

Working closely with Community and Health Partners to make best use of resources and ensure that people receive the right care, in the right place at the right time.

Overall status this period (Nov)		Overall status previous period (Oct)	
----------------------------------	--	--------------------------------------	--

**Current status**

**Progress**

A workshop to check scope and delivery of 3 major activity from the last 6 months of the programme was held in the last period. This entailed examining the fit of CLS reviews, the continuing work with the Learning Disability team, alongside visions and work streams of managing care at crisis and the emergence of the new work stream - Preparation for Adulthood. This was a useful session and has led to distinct planning of the

new work stream.

### **LD review**

- Identifying reviews to be completed using review matrix. Initially starting with people with higher cost and complexity, staff have utilised strength based methods to identify if these can affect a positive and beneficial outcome in either of these areas for the residents
- Attendance at reviews to support with other workers with using a strength based approach. (4 completed this month)
- Continuing to support LD team with working in strength based/CLS approach.
- Supporting LD team with areas of mosaic they are not familiar with

### **Paper work / ICT**

- 15<sup>th</sup> Oct 19 – CAB authorisation for change request completed
- 15<sup>th</sup> Oct 19 – ‘Non-production’ build of workflow completed by ICT systems support
- 17<sup>th</sup> Oct 19 – UAT for non-production build completed
- 21<sup>st</sup> Oct 19 – System user ‘awareness’ sessions completed
- 24<sup>th</sup> Oct 19 – Initial data entry of finance information into SP template – completed
- 31<sup>st</sup> Oct 19 – Final technical testing of SP and other form templates in upgraded Mosaic 5.17 environment - completed
- *Ongoing – validation of finance information in SP template*
- *Ongoing – definition of arrangements for ongoing maintenance of SP template*

### **CLS And Review:**

- Continuing staff consultation on FF programme
- Working alongside Mental Health management team to align FF and MH objectives
- Developing FF Programme plan and clarifying priorities
- Developing innovation sites – particular work around "no permanent placements"
- Attended All Age LD strategy launch
- Developing Open Dialogue Model training offer (liaison with potential trainer)
- Supported x2 test sessions for support plan paperwork
- Set up regular meetings with LACs to ensure strategic overlap of agendas/better working relationships
- Work with Consultant re workforce issues in relation to strengths based model
- Attended PfA workshop and PfA planning session

- Shadowing of TPs and ASCCT ongoing support work
- Liaison with WDU re training requirements
- Planning of peer forum
- Attendance and presentation at ASCCT away day
- Developing audit process for new approach

### **Additional- Preparation for Adulthood.**

A vision and planning session was held for ASC members of the team to address the brief handed down from the Assistant Directors. This now forms a significant part of the vision and planning.

### **Future outlook**

The following activities against the programme workstreams are due for completion this month.

### **Paperwork and Systems**

Agreed revised timeline for the paperwork is:

- 8<sup>th</sup> Nov 19 – Confirm go-live plans for strengths-based paperwork
- 11<sup>th</sup> Nov 19 – Send out update on go-live date for strengths-based paperwork
- 30<sup>th</sup> Nov 19 (latest) – Complete go-live of strengths-based paperwork

### **LD reviews**

- Peer support session-NDTI-07/11/19
- Peer support session NDTI- 02/12/2109
- Further development on forms that are sent to providers/individuals before reviews to provide information for the meeting
- Continuing strength based reviews month to target individuals of high and low cost and complexity
- Continuing to support LD team with working in strength based/CLS approach
- Attending NDTI national gathering in Edinburgh 12/13th November

### **Strength Based reviews & CLS**

- Agreeing final priorities for programme plan with senior management for next 5 months and responsibilities outside of this
- Attendance of NDTI national gathering
- Start of Peer Practise Forum
- Start of Innovation Sites re how we provide ongoing support
- Development of supervision policy
- Application of strengths based audits to new paperwork
- Involvement with Multiple and Complex Needs project

- Starting work around how we embed strengths based approaches in Provider contracts
- Resolving issues around Invoice Variation tasks

### **Preparation for Adulthood**

- Agree scope of operations and use this to establish stakeholder group, senior owner, and appoint business change manager (lead PFA operational resource)
- Commission required Information collection and analysis to support and detail size and make up of team
- Get commitment of resources for ongoing team
- Establish project overview of this new work stream
- Create detailed 3 month plan

### **York Model**

A report of the options will be tabled at CMT on 20th November for comment and direction of next steps.

<b>Project title</b>	Housing Delivery Programme		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
The accelerated delivery of mixed tenure housing across multiple sites in the city.			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<p>The multidisciplinary design team have continued to work on the Burnholme and Duncombe Barracks sites. Information and views provided to the team from the first public engagement events 'Meet the Design Team' has informed this work. Initial ideas will be presented at the stage 2 public engagement events and residents and other interested local stakeholders will be asked to actively contribute to the design process and to share ideas and knowledge.</p> <p>A 'Meet the Design Team' event has been organised for the Ordnance Lane site following Executive approval in September to progress the public engagement and design work for this site.</p> <p>The marketing for the six self build plots at Lowfield has been made live. Residents are able to make bids on the plots until the end of November. Open days have been arranged for some Saturdays in November for residents to be able to see the self build plots which are for sale.</p> <p>A 'Meet the Contractor' event was held in relation to the Lowfield site. This was an opportunity for local residents to meet our appointed contractor, Wates, and to have any queries answered before house building works start on site.</p>			
<b>Future outlook</b>			
<ul style="list-style-type: none"> <li>• Three public engagement events will be held. One for each of the Burnholme, Duncombe Barracks and Ordnance Lane sites. This will enable design work to continue and will inform pre-application discussions with the the Planning Department. This will be supported by cost analysis and financial modelling.</li> <li>• Bidding will close for the six self build plots at Lowfield and the bids assessed.</li> </ul>			

<ul style="list-style-type: none"> <li>Wates will take control of the Lowfield Green site and will begin to set up their site compound.</li> </ul>	
<b>Reports to</b>	Project team consisting of officers at the council who will advise on specialisms such as legal, housing, finance, and procurement. This project team feeds into the Housing Delivery Programme Board, which consists of senior officers and managers. The board guides decisions shaping the programme, setting objectives, scope, and timelines for projects. The board reports into the HCA as part of the partnership arrangement as well as One Public Estate. When milestones are met the programme will report into 'Capital and Asset Board' and 'Health, Housing and Adult Social Care' and 'Employment and Place' Management Teams for co-ordination and major project issues. Decisions taken by the Council Management Team followed by Executive.

<b>Project title</b>	Centre of Excellence		
<b>Reporting period</b>	November 2019		
<b>Description</b>	<p>City of York Council with its partners are planning to:</p> <ol style="list-style-type: none"> <li>a. Deliver a feasibility study to explore the opportunities and benefits of building a Specialist Disabled Children Short Break Facility in York.</li> <li>b. To expand the Family Intensive Rapid Support Team (FIRST) to incorporate a therapeutic short break residential element and to explore the opportunities and benefits of increasing the service offer to neighbouring Local Authorities across the region.</li> </ol> <p>The project is part of the wider development of services for disabled children and young people across the city and provides the council with an opportunity to:</p> <ul style="list-style-type: none"> <li>– Invest capital in developing a ‘Disability Centre of Excellence’ which has the potential to be a leader in innovative practice both regionally and nationally.</li> <li>– Make York Home for more disabled children and young people by reducing out of Area placements.</li> <li>– Develop and invest in service provision in order to generate future savings and income generating potential.</li> <li>– Deliver better outcomes for disabled children and young people including those with the most complex needs.</li> </ul> <p>FIRST is a specialist Clinical Psychology led service that supports families with children/ young people who have a learning disability, autism and the most complex behavioural needs. FIRST provides intensive assessment and intervention for children and their family at the point of potential placement breakdown.</p> <p>The proposed Specialist Disabled Children Short Break Facility would potentially incorporate and replace the short break residential provision currently provided at The Glen and Glen House.</p>		
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			

**Finance**

- Client contingency is being monitored closely to ensure risk items and provisional sums remain within contingency budget.
- There is an agreed payments schedule, linked to build milestones to drawn down NHSE Transforming Care Capital Grant.

**Risks**

- Substation risk has been closed. Legal agreement between all parties has been resolved and planning application is agreed.
- There is certainty to drainage risk. Additional costs have been agreed and plans put in place to mitigate the programme delays.
- Ground risks have been significantly reduced.

**Programme**

- Potential delay to programme caused by risks above, all other parts of programme are on or ahead of schedule.
- Piling has been completed.

**Communication and engagement**

- Regular residents newsletter agreed and circulated.
- Ward councillors are being regularly briefed.
- School issues resolved and briefed on milestones.
- School safety posters have been completed by children at Hob Moor school.

**School playing fields**

- Development of the school playing fields at the back of the school as a mitigation measure for playing fields used at the front has been completed on time and budget.

**Legal**

- All outstanding legal issues have been agreed.

**Governance**

- Risks and decisions are been monitored, recorded and agreed through Project Board.

**Future outlook****Construction**

- Continue the development of sub structure
- Substation build

**Design**

- Design workshop to create design freeze
- Commission kitchen specialist

### Engagement

- Nov / Dec residents newsletter
- First brick and signing steel press event with parents, children and Lead Member
- Children's safety posters presented and put up

### Governance

- Project board - financial update
- Risk update
- Audit design decisions

<b>Project title</b>	Provision of School Places		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>The need to provide sufficient school places for current and future residents is a key statutory duty of CYC and will build an educational infrastructure for the city by forecasting likely demand and supply of school places over the medium term (until 2022/23).</p> <p>The aims of this project are to identify where and when additional school places will be required, and work with central government and the school community to provide places in good or outstanding schools.</p> <p>CYC is provided with some 'Basic Need' funding from central government for this purpose and will need to ensure that this and other sources of funding are used to best effect in those areas of greatest need, and to ensure that all educational provision is sustainable in the longer term, working with the school community.</p> <p>The project represents a significant priority for City of York council in delivering educational opportunities for residents.</p>			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<b>Capacity</b>			
<ul style="list-style-type: none"> <li>• The Autumn Sufficiency Collection took place during this period, to enable the DfE to monitor progress towards the provision of sufficient school places.</li> <li>• Identification and prioritisation of schools requiring a review of their net capacity has now begun.</li> </ul>			
<b>Communication</b>			
<ul style="list-style-type: none"> <li>• There has been continued communication with elected members and with other external partners this period. Communication with developers of some proposed and forthcoming housing sites also continues, as does communication with those officers overseeing the draft Local Plan and future infrastructure plan for the city.</li> <li>• Communication is also ongoing to discuss solutions to address secondary school place requirements in the south east of the city. Issues continue to exist around access and a consultation which will begin in November and conclude in January will seek to address these. These access issues will impact on the speed at which school places can be provided.</li> </ul>			

- Plans to increase secondary school places in the east of the city have now been approved by the Executive Committee and communication continues around this.
- Communication continues this month both with colleagues in Planning and Legal Services, academies and MAT trusts and the developer, to discuss the requirements for expansion, to make a development in the west of the city viable.

### **Data Modelling**

- Formal sign off of the annual SCAP process has not yet been received and is expected later in the year.

### **Policy**

- Delivery of a very small number of basic need funding schemes for the current and upcoming financial year have this month reached practical completion at schools in Primary Planning Areas 4 and 5.
- The consultation on admission arrangements for the 2021/22 school year has now begun.
- Under advice from Legal Services the review of the S106 Policy will now take place in December.
- The Capital Maintenance Report for 2020/21 was submitted to DMT during this period.

### **Future outlook**

#### **Capacity**

- Following the initial submission of the annual 'SCAP' return, await and respond to any further queries from the Department for Education. This process continues for 2019 in coordination with the DfE, with final submission expected to take place in the Autumn term.
- Visit schools with the highest priority, to review net capacity.

#### **Communication**

- Continued engagement with local schools and academy trusts to gather their views and identify any potential plans about how they could assist in providing for future need.
- Continue communication regarding the proposal to address secondary school place requirements in the Secondary Planning Area - East York.
- Continue to liaise regarding the proposal to address secondary school place requirements in the Secondary Planning Area - South East York.
- Continue to move forward proposals to address the secondary school place requirements in the Secondary Planning Area - West York.
- Identify related projects that may arise as a result of this project's findings - particularly those at secondary level. Some initial projects

have already been identified and these proposals are included in the PAAPs.

### Forecasting

- Early investigations have begun to look at how to model future SEN need across the city.
- Birth data and data from the October census will be imported into the forecast during the next period.

### Policy

- Continued work around a refined planning policy approach re: Housing Developer Contributions (HDCs) for current and future developers is in review with colleagues in Planning to ensure compliance with wider CYC policy and agreements re: Local Plan.
- Work will continue on the admission arrangements for the school year starting September 2021.
- The pupil yield delivered from recent housing developments in York, will continue to be investigated this month.

### Project Plan

- Further develop, communicate and agree the project plan.

<b>Reports to</b>	Project is overseen by Children, Education and Communities Directorate Management Team and Executive Member for Children and Young People as necessary.

<b>Project title</b>	Housing ICT Program		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>The Housing ICT Programme is a major ICT enabled business transformation and culture change programme which will deliver a new operating model and systems for the Housing and Building Services teams within the Housing Services Department. Procurement of a new ICT solution will enable customer centric, holistic services to be delivered with first point of contact resolution at a place, time and manner that suits the customer.</p>			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<p>The overall programme work stream status remains at green this month as the programme remains on track and no major issues are being encountered.</p> <p>Implementation planning is now complete and, following Programme Board agreement, we have now baselined the Implementation Plan and have commenced our implementation work outright.</p> <p>Since the last Board meeting the Core module work package and configuration has taken place as well as full system administration training for key members of the programme team. Planning now continues in the run up to configuring the repairs and maintenance, voids and rents and arrears modules.</p> <p>Recruitment continues for the two current vacant programme posts – the Full-Stack Developer to support the Total Mobile integration and the Programme Support Officer. A System Support Analyst and a Business Change Agent have both joined the programme and the remaining 3 Business Change Agents will join the programme by the end of the month.</p> <p>Following further Capita errors within the final draft plan, modules being included that we hadn't procured and a further delay to receiving the finalised baseline implementation plan we have re-escalated project concerns to Capita with our current Project Manager at a senior level.</p> <p>No new risks or issues have been identified this month. One existing programme risk is increasing that needs to be highlighted to Board at this</p>			

stage (availability of a project room for the programme team affecting team wellbeing).

**Future Outlook**

In the next month the programme will continue implementation of the new ICT system and progress the business change work stream. Key activities will be:

- Continuing detailed implementation workshops across Housing Services, work package completion and configuration kick-offs with the supplier for the set of modules to be configured in October
- Recruitment to the Programme Support Officer finalised
- Benefits mapping next steps agreed alongside producing the draft business change action plan
- Implementation launch open event date agreed and planning underway to launch implementation to the department/wider
- Programme Team move to a new office base at Swinegate Court East.

<b>Reports to</b>	Programme reports to the Housing ICT Programme Board. This group is chaired by the Assistant Director of Housing with key representatives from the HHASC senior management team. The Programme Manager attends the monthly HHASC Senior Management Team (SMT) and both Housing and Building Services department team meetings to update on the programme.

<b>Project title</b>	Flood Risk – York 5 Year Plan		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>CYC are working closely with the Environment Agency to deliver a range of localised improvements to the cities flood defences, this work – the York Five Year Plan – has been developed following the floods and is supported by Government investment. In addition to this we are working with the EA on a catchment scale study to identify opportunities for wider interventions across the River Ouse catchment to further reduce future flood risks into the long term.</p>			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<ul style="list-style-type: none"> <li>• CYC continue to work closely with the EA on the delivery of the York Flood Alleviation Scheme as part of the York Five Year Plan.</li> <li>• CYC are members of the Programme Board and EA continue to attend quarterly Executive Member for the Environment Decision Sessions and Economy &amp; Place Overview and Scrutiny bi-annually.</li> <li>• 19 flood cells have been identified and schemes to improve existing or build new defences are in varying stages of development in a prioritised manner across the city to deliver the projects stated required outcomes, as determined by Defra, to better protect 2000 homes and businesses in the city.</li> <li>• The Outline Business Case has been agreed by the EA Large Project Review Group for all 19 flood cells.</li> <li>• Planning applications are being submitted for a range of cells, construction has began on two flood cells - North Street/Memorial Gardens and St Peters School. Planning permissions are being considered for Clementhorpe and Clifton Ings.</li> </ul>			
<b>Future outlook</b>			
<ul style="list-style-type: none"> <li>• Planning applications for further cells to be submitted through to the new year.</li> <li>• Works to the Memorial gardens site have completed ahead of schedule, the wider North Street defences continue.</li> <li>• Works to St Peters site have ceased over winter.</li> <li>• Planning permissions pending on further schemes over the next few months.</li> </ul>			

<b>Reports to</b>	The Project board sits within the Environment Agency. The Environment Agency has a formal programme board in compliance with PRINCE2 methodology, CYC are a member of the board. The lead Executive member receives a quarterly report and it is the subject of a bi-annual report to Economy and Place scrutiny committee. This approach to governance has been approved and adopted by Executive.

<b>Project title</b>	Parking Review		
<b>Reporting period</b>	November 2019		
<b>Description</b>			
<p>This project deals relates specifically to the research, procurement and implementation of a new parking back office system to replace the old and soon to be out of date back office system, Parking Gateway. In turn this new system will help to bring around a change in how parking is managed and how our customer interact with us by taking forward a customer self-service system, such as the purchasing of parking permits and dealing with PCNs (Penalty Charge Notices).</p> <p>More than 25% of footfall in the customer centre is for Parking related matters. This has been attributed to complex policy, under performing IT systems and associated processes and lack of available online services for customers. There is an opportunity to resolve a number of issues with a change project with an ICT back office system change.</p> <p>As part of the project the council ICT team are looking into how this system could interface with existing CYC systems, such as FMS and CRM but looking forward, of these systems can interface with other systems such as parking machines.</p>			
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>			
<ul style="list-style-type: none"> <li>• Creation of project plan for implementation</li> <li>• Identification of key policy decisions required for configuration</li> <li>• Identification of key resources required for implementation</li> <li>• Review and update to-be- processes</li> <li>• Supplier discussions on use of Google Maps rather than the Council's ESRI system</li> <li>• Union discussions on features which will monitor CEO hot spot activity</li> <li>• Discussions regarding data retention to review the impacts on configuration.</li> </ul>			
<b>Future outlook</b>			
<ul style="list-style-type: none"> <li>• Contract signed with supplier</li> <li>• Executive Paper submitted and decisions made by Executive to inform an change in scope</li> <li>• Project kick off meeting with supplier</li> </ul>

<b>Project title</b>	Inclusion Review		
<b>Reporting period</b>	November 2019		
<b>Description</b>	<p>The purpose of the inclusion review will be to ensure that The Local Authority and School Community work together to maximise the opportunity for early intervention and prevention and to improve the outcomes of children and young people with special educational needs and/or disabilities (SEND).</p> <p>The review will examine the current configuration of services and the use of funding to support SEND to ensure that there is greater clarity and accountability around the use and impact of resources. The pressures on the High Needs funding block within the designated schools grant (DSG) means that there are accelerating financial pressures in meeting the needs of children and young people with SEND.</p> <p>A key purpose of the Inclusion Review is ensuring that the pressures on High Needs funding are being managed effectively whilst ensuring that the local authority is able to deliver its statutory duties articulated in the Children and Families Act, 2014 and the SEND code of practice.</p>		
<b>Overall status this period (Nov)</b>		<b>Overall status previous period (Oct)</b>	
<b>Current status</b>	<p>Phase 3 of the Inclusion Review has started and a steering group appointed. The programme plan will be developed by this group using the recommendations from phase 2 of the review.</p> <p>The strategic principles developed in stage 2 have been agreed and shared with the Council's Executive, Schools forum and members of the York Schools and Academies Board.</p> <p>Capital works have taken place at Hob Moor Oaks primary special school (August 2018) and capital works have been agreed to support the development of the post 19 local education offer at Blueberry academy and Askham Bryan College.</p> <p>Expressions of interest for secondary satellite provision have been received and a project plan is in the early stages of development.</p>		

A feasibility study is taking place with a primary school to support the development of a proposed primary ERP provision.

Preliminary work to review the Behaviour and Attendance Partnership protocols and processes is underway.

A steering group has been established to oversee the academy conversion of the Danesgate Community. This will put in place a commissioning agreement with the South Partnership Multi-Academy Trust which will define the future relationship between the local authority and Danesgate when it becomes an alternative provision academy.

### **Future outlook**

Work with IMPOWER continues to progress. Interim reporting from case review work has indicated that overall processes are effective however, there have been some areas where opportunities to intervene earlier, particularly linked to SEMH would have improved outcomes.

Priorities to be taken forward are to look at establishing clearer pathways linked to the behaviour continuum and strengthening aspects of the graduated response for SEMH.

A focus on establishing pilot work with families to improve the preparation for adulthood is also being scoped to improve decision making and integrated working and to reduce the over-reliance on education 19-25.

The review of Danesgate transport has resulted in monthly savings being delivered since September 2019. The LA is currently working with an SEN transport consultant to review all current processes and a report will be produced in December 2019. This will identify current strengths and options to inform member decision making related to pressures on the General Fund and DSG.

<b>Project title</b>	Be Independent
<b>Reporting period</b>	November 2019
<b>Description</b>	
<p>Be Independent (BI) is the provider of the Council's community alarm and equipment service. This includes a 24 hour response service, assessment and installation of equipment, telecare and assistive technology services. These services play a key role in supporting better outcomes for individuals either in their own homes, supported living or in residential and nursing homes across the City. The aim is to prevent, reduce or delay the need for care, enabling people to be as independent as possible. Previously provided in-house, the service was externalised in 2014 and the Council supported the establishment of a social enterprise in the form of a Community Interest Company (CIC) to deliver the service.</p> <p>In June 2018 the Executive agreed to the transfer of Be Independent service back to the Council and the direct management of Health, Housing &amp; Adult Social Care.</p> <p>All assets and liabilities will be transferred from Be Independent to the City of York Council and staff transfers will be agreed under TUPE.</p> <p>Following the transfer which was completed in August 2018, an operational review of the service has commenced to understand its core functions, purpose, strengths and areas for improvement to ensure that it is sustainable. Whilst the overarching vision for the service will be co-produced in line with the Council's vision, a 3 month IT scoping project has been commissioned to review the systems/processes currently in use as this is a key priority to move the service forward.</p> <p>Be Independent needs to have a robust IT infrastructure in line with CYC protocols to enhance and grow the business, and improve the customer experience of this Community Equipment &amp; Response Service.</p> <p>By utilising the latest technology (GDPR compliant), workers will become agile and customers will have a seamless service from all teams including Business Support, Response, Assessment and Control Teams, where an overburden on paperwork is phased out. IT aims to integrate different software systems used for call handling, stock management and financing linked to a service manager with comprehensive performance reporting tools. Streamlining software systems and providing teams with the appropriate hardware (with internet connection) is a primary focus in order</p>	

for the teams to perform efficiently and effectively. This will improve the use of resources, develop capacity and ensure a strength based approach can be implemented in the future.

---	--	---	--

### **Current status**

- Findings from Business Analysis and User Research have been shared with staff and managers at Be Independent. This was the same presentation shared with the project board on October 2nd 2019.
- PNC 8 & Windows 10 solution has been agreed at a negotiated cost from the supplier. Now awaiting a start date on the upgrades and time-scales from the supplier's (Tunstall) Project Team.
- Vision & Mission Statement building has taken place during workshops with senior management and team leaders.
- Research with customers has been identified as key to assist in concluding the vision for Be Independent and will be brought forward within the milestones of the project.
- Mosaic worker roles have been defined and sent to Systems Change & Benefits Realisation.
- Information on Digital Radio trials has been received.
- Desktop engineer resource has been confirmed, recruitment for the post has started. This will progress the work needed on device trials for mobile teams.
- IoT trials with Karantis360 & Grandacare are actively being progressed in identifying individuals for the Proof of Concept.

### **Future outlook**

#### **Phase 1**

- Concluding Be Independent's vision, mission statement.
- Start to develop Be Independent's commercial strategy.
- Understanding the options available to us in recruiting participants for customer research with Information Governance.
- Desktop engineer to start work on laptop/device trials.
- To Be maps will be used as starting points from which changes can be prototyped against with user research (digital radios, laptops).
- Finalising participants in Proof of Concept with Assistive Technology.

<b>Project title</b>	Procurement of MSA and Strategic Engagement Technology Partner		
<b>Reporting period</b>	November 2019		
<b>Description</b>	<p>To develop a specification, procure and appoint a technology provider to deliver the City of York Council's (CYC) essential managed network services arrangements (MSA) this includes connectivity, voice and data services. CYC's current MSA contract expires following an extension period, on 31 August 2020. The contract is currently worth £2million per year and the new contract is likely to run for at least a minimum of 10 years.</p> <p>The procurement process was approved by Executive in November 2017, and progressed proper in April 2019 after the appointment of commercial procurement partners to support internal capacity, with the view to develop an Invitation to Tender for both CYC and Harrogate Borough Council. The scope of the review then changed in July 2019 to proceed to meet CYC requirements only, due to a change in Harrogate's local circumstances. There is continuing good relationships between the two councils and a shared management team.</p> <p>The new provider will be a strategic technical delivery partner enabling CYC to achieve its strategy for the delivery of digital services to its residents, businesses and partners.</p> <p>Progress of the original project to date includes documenting the requirements of both councils and production of a draft ITT. The changing scope of the procurement has allowed a pause in proceedings to allow for the following:</p> <ul style="list-style-type: none"> <li>• A review of work done to date and a revision of the scope of the project.</li> <li>• Bringing the project in line with Council's All About Projects approach</li> <li>• Addressing of known risk as per independent legal and technical advice commissioned given the time taken to date and learning from recent procure</li> <li>• ment practice elsewhere.</li> </ul> <p>The aim of this revised project is to recommence the procurement with a robust approach and assurance that the Council can secure the best MSA going forward given changed scope and lessons learned.</p>
