

Privacy Notice for Admissions Arrangement Consultation 2022-23 (schools)

We will keep this privacy notice under regular review; it was last updated in August 2020. When we use your personal data, City of York Council (CYC) complies with data protection legislation, and is the registered 'Controller'. Our data protection notification is registered with the Information Commissioner's Office (ICO) – reference Z5809563.

Why will information be collected?

Between 07 October and 22 November all admissions authorities for schools in York are jointly conducting the annual consultation on admission arrangements for the admissions rounds for applications for entry to Reception, Year 3, Year 7 and Year 12 in September 2022.

As in previous years, a joint consultation exercise means that parents, schools and other interested parties may view and respond to the proposed arrangements in one process and remove the need for each admission authority to consult separately.

We ask for information relating to names and contact details for follow up engagement regarding the consultation process. You may choose not to give these details.

There is no obligation to participate in this joint consultation although by opting out you need to be aware of the legal obligations around the consultation, determination and publication of their admission arrangements within the statutory timescales.

If you do not want to participate in this joint consultation please contact :
admissionsconsultation@york.gov.uk.

What information will be collected?

We will ask for information on the following:

- Agreements on the proposed admissions policies and arrangements
- Agreements on the proposed over subscription criteria within the admissions policies
- Agreements on the school published admission number
- School sustainability
- The capacity in which you are using the site

What will we do with the information?

The information we collect will be included with the consultation process including presentations, reports and performance framework.

We may use your personal information to contact you for further information based on the answers provided and wider consultation process.

Any data for publication or use outside of the authorised officers will be anonymised and will not identify any individuals.

We will not use the data for any other purpose than stated and will not disclose to a third party ie other companies or individuals, unless we are required to do so by law for the prevention of crime and detection of fraud, etc.

Online data will be collected using SurveyMonkey. To find out how they use your information, please click [here](#).

Where will the information be kept

We will keep the information you give us and your personal data in the council's secure network drive and make sure it can only be accessed by authorised staff.

How long will we keep the information?

We will keep the information you give us and your personal data for up to three years and then will securely destroy it. Where required or appropriate to, at the end of the retention period, we will pass onto the City Archives any relevant information.

Further Processing

If we wish to use your personal data for a new purpose, not covered by this Privacy Notice, we will provide you with a new notice explaining the purpose prior to commencing the processing and the processing conditions. Where and whenever necessary, we will seek your consent prior to the new processing.

Your rights

To find out about your rights under data protection law, you can go to the Information Commissioners Office (ICO) <https://ico.org.uk/for-the-public/>
