Poverty

Percentage of children who live in households where a parent or guardian claimed an out-of-work benefit.

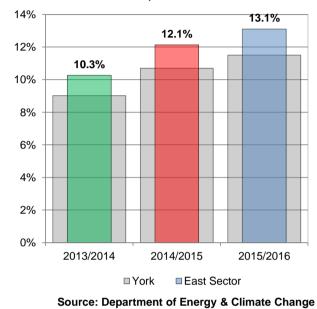

Fuel Poverty

The Low Income High Costs indicator is a twin indicator consisting of:

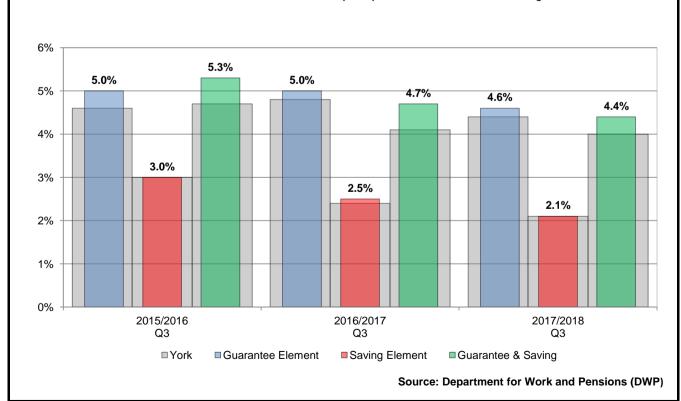

- the number of households that have both low incomes and high fuel costs; and
- high fuel costs; and
 the depth of fuel poverty amongst these fuel poor households.

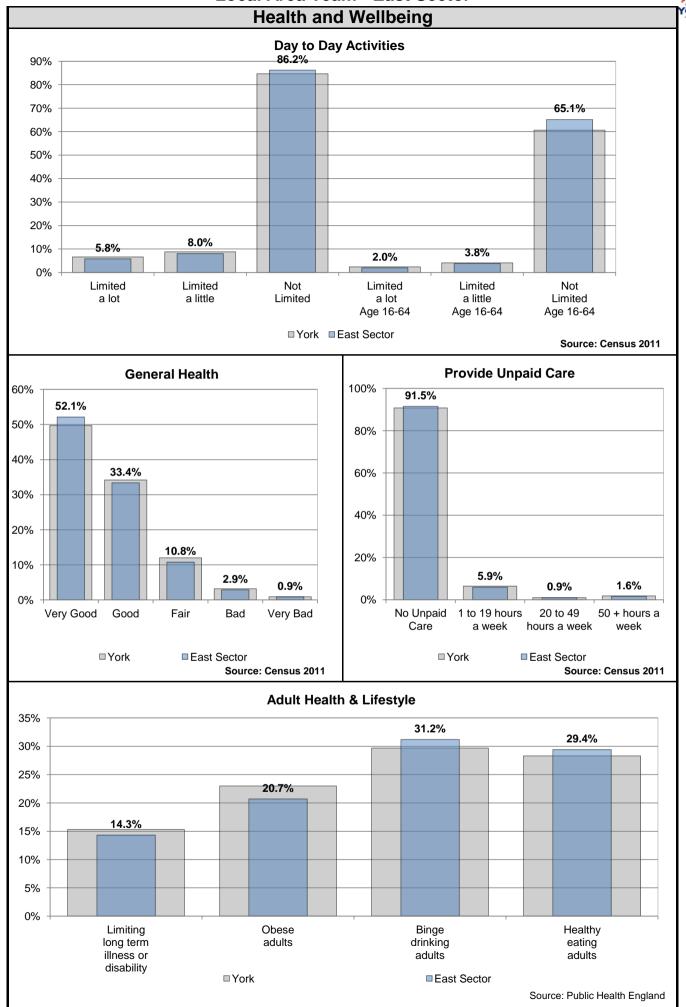

This is measured through a fuel poverty gap which represents the difference between the required fuel costs for each household and the median required fuel costs.

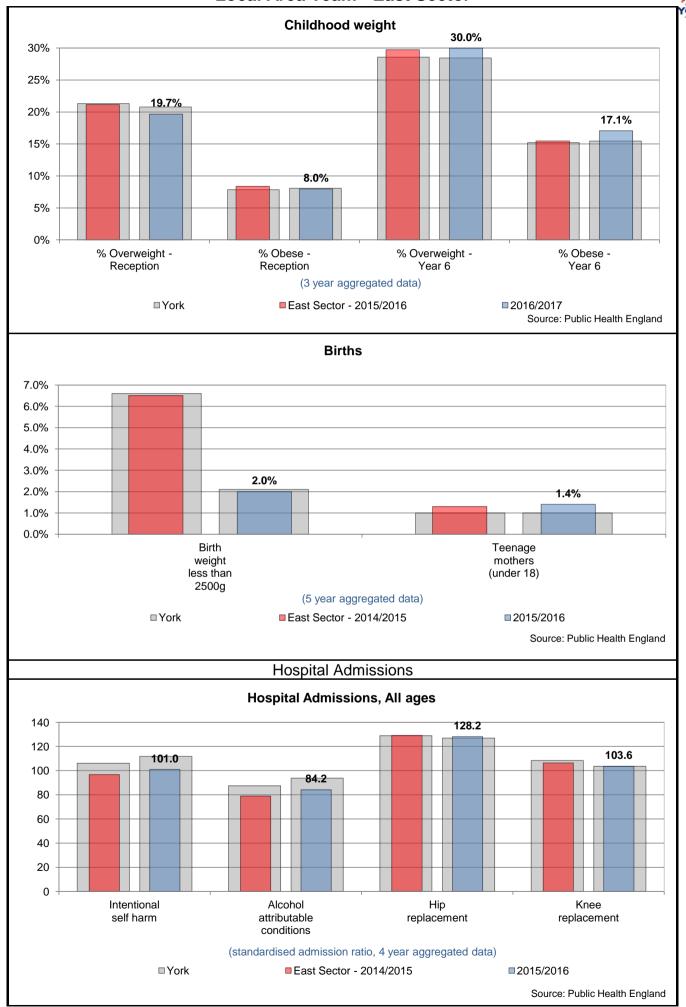

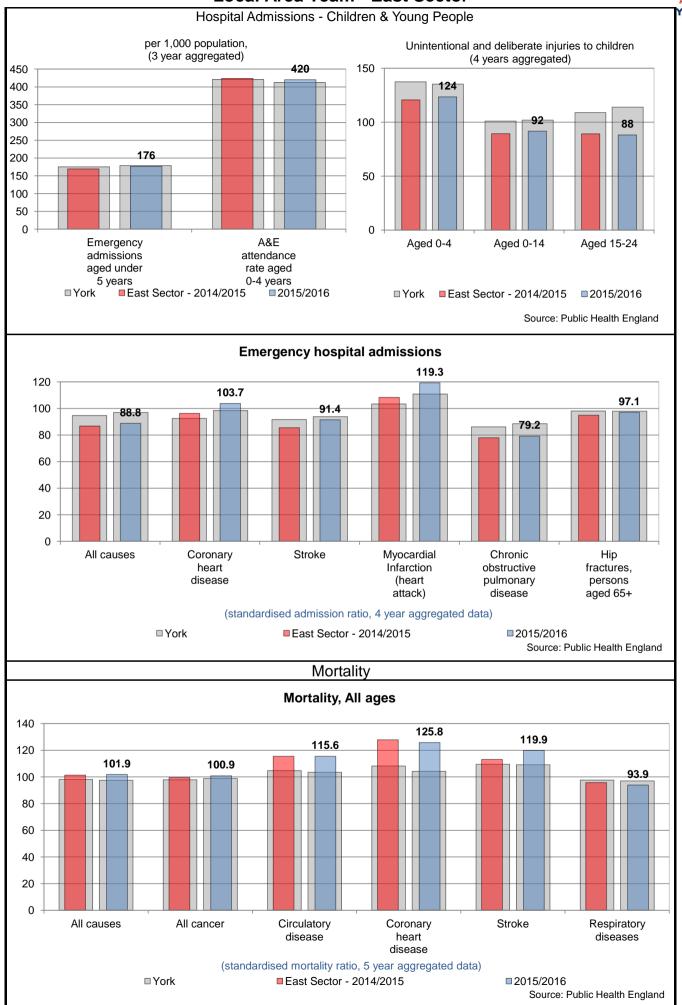

Pension Credit

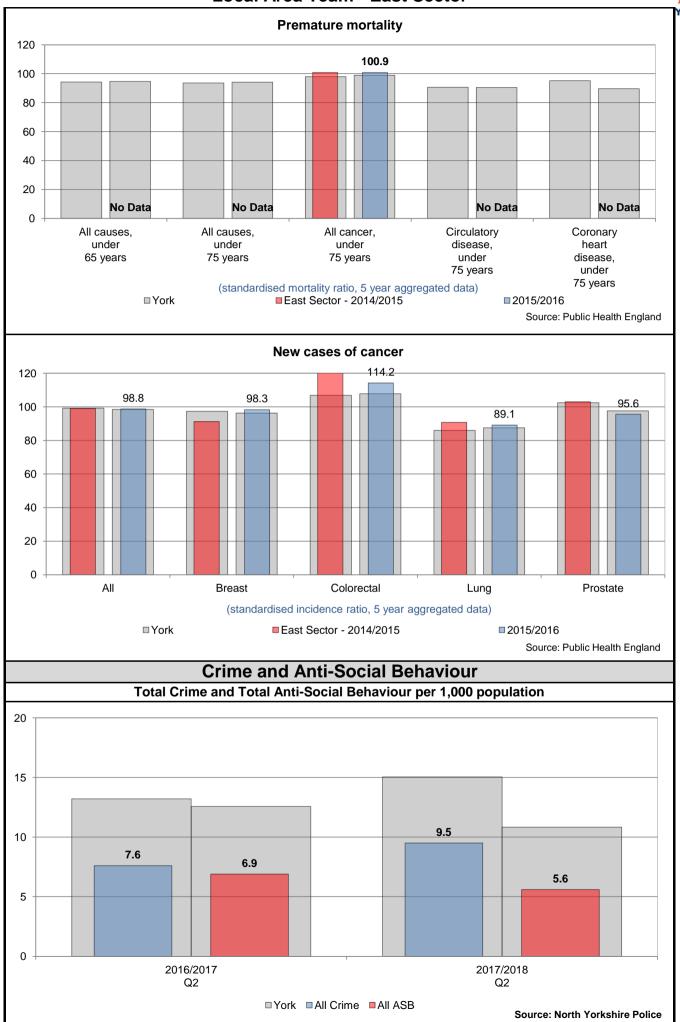

Pension Credit is an income-related benefit made up of 2 parts - Guarantee Credit and Savings Credit.
