Product Overview

The Oasis Classic offers an oversized hopper door design with internal security baffle, extra-large locking lower storage compartment and modern styling. It is constructed of powder coated heavy gauge galvanized steel panels with stainless steel hinges for extra durability. The Oasis Classic protects deliveries with an enhanced locking system, pry-resistant lock bracket and Weather-Tite rubber seals.

- Accepts parcels ranging in size from 9.75 in. x 6.5 in x 2 in. to 9.75 in. x 4 in. x 2.75 in.
- Galvanized steel construction that is fully powder coated inside and out for added corrosion resistance
- Concealed outgoing mail clip hidden discretely behind hopper door
- Heavy duty stainless steel cam lock with anti-pry latch reinforcement
- Weather tite rubber seals and stainless steel hardware
- Galvanized steel red notification flag
- Embossed front panel provides a place for house numbers to be applied
- Mailbox is 11.5 in. W x 15.1 in. H x 18.1 in. D
- Includes installation instructions
- 4-pre-drilled holes makes for an easy installation
- Hardware and mounting bracket may be required to mount to posts not manufactured by Architectural Mailboxes (not necessary)
- Order Architectural Mailboxes adapter plate 7540B for 4 x 4 wood post installation (not necessary)
- Approved by the US postmaster general
- Limited lifetime structural warranty
- 100% satisfaction guaranteed

Mailbox Installation

After checking with several contractors, Raico Services agreed to install locking mailboxes onto our unique Discovery mailbox structures for \$75 each. Mr Raico is very familiar with our required structures, having replaced a number of them, and has an excellent work record in our area.

Company: Raico Services

Owner: Rob Raico

Phone: (719) 244-1701

Please contact Raico Services directly to schedule your installation. Of course, you can select another contractor or do it yourself...we only ask that you center your locking mailbox in the existing structure. This will not only provide a consistent, aesthetic appearance; it will also increase the security of your mailbox.
