About the Foundation:

The foundation is currently operated by a 15-member board of directors and will use multiple committees to aid in decision-making. Already, the board has developed an incentive program for students exemplifying academic excellence. The foundation is proud to announce this program will begin in the spring 2020 semester. The awards to be granted for this current semester are:

- Students earning a 30 on the ACT or a 1390 on the SAT will receive \$150. Students can only receive this award one time at Bells ISD.
- Students achieving a qualifying score on one of the four Advanced Placement exams (AP Calculus, AP World History, AP Biology, AP Literature) given at Bells High School will be rewarded as follows:
 - \$100 for a score of 3, \$150 for a score of 4, and \$200 for a score of 5
 - The advanced placement teacher will also receive \$50 for every student in his or her class that earns a qualifying score.
- Students earning an "A" (90 or above) in a designated dual credit course will receive \$50. The designated dual credit courses for the spring of 2020 are History 1302, Economics 2301, English 1302, and Math 1314.
- Students earning an Associate's Degree prior to graduating from Bells High School will receive \$500.
- \$300 will be provided to each campus at Bells ISD to reward students on the Principal's and Superintendent's Honor Roll this semester. This money will be used at the principal's discretion.

Fundraising for the foundation has already begun. Generous donors who support the mission of this foundation have enabled incentives for students to begin this spring. Several fundraising efforts are in the planning stages. Please consider helping the Bells ISD Education Foundation today!
