RS Stock No.: 457-627

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The micro HSS drill bit set from RS PRO is an excellent bit set ideal for drilling clean holes with precision in a range of materials including steel, aluminium, brass, and polycarbonate and glass fibre. The drill bits are manufactured from HSS (high speed steel), offering excellent strength and heat resistance that prevents them from breaking or generating heat at high speeds. This high quality HSS bit set is also supplied in a handy storage box with the sizes displayed, ensuring they are protected and easy to locate.
