6950 BlackJack

Supported / Dipped gloves Specification Sheet

PRODUCT DESCRIPTION:

Black Jack® calls 'all in' and takes the hand. The protection you get from these bad boys is a notch above anything else you'll find in the industry. The 6950 is a 31 inch long shoulder length glove that is fully coated with rugged black neoprene. The brushed interlock lining is soft and easy to wear, and is treated with ActiFresh®. ActiFresh® helps to prevent odors and eliminate bacteria caused by perspiration. Component materials of this glove comply with all federal regulations for food contact. The 6950 achieves ANSI contact heat rating of Level 2, which can be used for applications less than 284 degrees Fahrenheit. If you are searching for the best neoprene coated work gloves, look no further than MCR Safety!
